

136 heads LED flexible strip mounting machine with SMD chip making mouter

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC,SIRA,CE
- Model Number: HT-T92S
- Minimum Order Quantity: 1PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8days
- Payment Terms: L/C, T/T
- Supply Ability: 50pcs/month

Product Specification

- Model: HT-T9-2S
- Length: 3454mm
- Width: 3035mm
- Height: 1777mm
- PCB Thickness: 0.1-0.5mm
- Mounting Speed: 500000CPH

Product Description

136 heads LED flexible strip mounting machine with SMD chip making mounter

Machine information

Heads:136pcs heads
Feeder station:136 pcs
PCB size:250(+/-10mm)*Any length
Camera:10 sets
Vision alignment+Mark correction

Introduction

Look, here comes the Value series. High speed integrated mounting head, suitable for the production of 5m, 10m, 50m, infinitely long roll to roll soft lamp tape, and supports band loading led3014 / 3020 / 2835 / 5050 or resistance, capacitance, bridge pile, etc, The optimal production capacity can reach 500000 CPH.

Machine features

1. Adjustable mounting head
2. Unique material leakage detection; Separate replenishment function
3. Ultra high speed mounting capacity
4. The width of the conveying platform can be freely adjusted according to different infinitely long soft light belt plates
5. Flexibly adjust the distance of the feeder mounting base to achieve group picking and group pasting, and realize the function of one pasting and two reclaiming
6. The maximum adjustable range of the feeder is twice that of the feeder, and can produce four kinds of materials at the same time
7. Intelligent feeder, which supports the electric intelligent feeder of high-speed special machine series
8. Flight identification function, without pause, detects whether there are components and the adsorption state of components to prevent installation errors
9. Automatic production of identification data, automatic correction function and replenishment function
10. Drive the clamping rod through the air cylinder to correct all the materials taken by the group

Finished product display

Service

Free door-to-door installation
 Free video teaching
 Free replacement of parts
 Free software updates

FAQ

Q:What customers do you have

A:We have many customers, 80% of which are domestic customers, such as MLS, TCL, NTL, FSL, NVC, etc. Of course, there are many foreign customers, such as RangDong, RK, SURYA, Calcom, POLYCAB, KONKA, Fiem, UNISTAR, etc.

Q:How long is your warranty

A:The warranty period of our machines is normally one year. Of course, if you think it is short, you can extend the warranty period, but there is a charge of 3000 dollars a year.

Q:Will you have an exhibition

A:Of course, we have exhibitions every year, such as India, Pakistan, Egypt, Turkey, Vietnam, etc.

Q:Is it difficult for you to operate the machine

A:Our machine is very easy to operate. It supports both Chinese and English. Our engineers will teach you how to operate it. Once you learn it, you will learn it.
