

10 heads LED lights making SMD chip mounting PCB processing machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, SIRA, CE
- Model Number: YT101S
- Minimum Order Quantity: 1 PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8 days
- Payment Terms: L/C, T/T
- Supply Ability: 50 pcs/month

Product Specification

- Model: YT101S
- Length: 2454mm
- Width: 1376mm
- Height: 1762mm
- Max Size: 500*350mm
- PCB Thickness: 0.5-4.5mm

Product Description

10 heads LED lights making SMD chip mounting PCB processing machine

Machine features:

- 1.YT 101S is one of the newly launched YT series products from ETON.
 - 2.High-speed Multi Modular Head (non replace modular head).Apply to 0201~40*40mm tape reel package.
 - 3.Improve recognition performance, size up to 40*40mm, apply to BGA or CSP etc.
 - 4.PCB Max size:500*350mm.
 - 5.10 heads, the optimum speed reached 40000cph.
 - 6.Feeding way: Intelligent double head feeder.
- Technical parameter

Application:

This machine can be applied to components as small as 0201 and as large as 40mm, and can also mount BGA, CSP and other ball grid arrays.

The finished product is not only LED lights, but also more complex PCBA boards, such as more accurate display P1.5, etc.

Company profile:

- 1.ETON Automation Equipment Co.,Ltd was established in 2011.It is a manufacturing and process solution provider focusing on R&D , production , sales and services of SMT high-speed pick and place machines and SMT peripheral automatic equipment.We have decades of R&D experience and mature technology in this field.
- 2.We have an industrial park covering an area of 50,000 square meters in Jiangxi, which is dedicated to the production of machine to make machine.Our products exported to over 20 countries and regions. We have been working with numerous big companies in India, Turkey, Pakistan,Egypt etc.Having a perfect service,free installation and training. We have three engineers in India and an office.

Packing:

- Step 1: pack the machine with foam cotton stretch film.
Step2: vacuum packing,use strap to secure machine.
Step3: professional wooden box packaging.

FAQ:

1.Is the machines easy to operate?

Yes,of course.Our machine is very intelligent and easy to operate, like the intelligent phone, also the software is made by our company, so we know how to make it more intelligent and operate friendly.

2.How many hours does the machine can operate per day?

Machine can work whole day. But for longer using life, we suggest you to have 1 hour or 2 hours off per day.

3.How about the Training?

We provide the online remote training service, and we will offer you the operating video and manual for user's repeatedly learning.

4.How about the After-sale Service?

We provide one year warranty, during the warranty period, if any wrong, we will send the accessories free of charge.Free upgrade software: machine software is developed by our company, so we know how to make it more intelligent and we provide life-long free upgrade software for customer who purchase the machine.
