

Double Module LED Light Mounting Machine PCB Processing Pick And Place Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC,SIRA,CE
- Model Number: YT202S
- Minimum Order Quantity: 1PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8days
- Payment Terms: L/C, T/T
- Supply Ability: 50pcs/month

Product Specification

- Model: YT202S
- Length: 2788mm
- Width: 1686mm
- Height: 1375mm
- Total Weight: 1700kg
- Mounting Speed: 80000CPH
- Highlight: double module LED light Mounting Machine, DOB bulb LED light Mounting Machine, downlight Pick And Place Machine

Product Description

LED light pcb processing pick and place machine

Machine Introduction

1.Yt202s dual-mode group, 20 heads, suitable for the largest PCB board size of 500 * 450mm
 Suitable for all kinds of LED lamps, LED bulb, DOB bulb, panel lamp, downlight, street lamp, display screen, circuit board, etc
 2.The machine shell of yt202s is black and white. The camera used by yt202s is the top brand in China - Hikvision. The machine shell is designed by itself. The X and Y axes are linear motors. The linear motors make the mounting accuracy higher, the service life longer, and the production cost minimized. This increases the production plan
 3.Yt202s20 mounting heads, with a capacity of 80000cph, and the smallest part suitable for mounting is 0201. It can identify BGA, CSP and other ball grid arrays
 Equipped with double headed intelligent feeder and trolley, it realizes no waiting for mounting, no waiting for feeding and feeding, and greatly improves production efficiency
 Two arms and two heads, 10 suction nozzles for each head, 20 suction nozzles for each head, flexible PCB processing capacity, can produce two different products at the same time, when one head stops working, the other head will not be affected.

ETON Introduction

Eton has more than 10 years of experience in the SMT industry, has 52000 square meters of Industrial Park in Jiangxi Province, has its own independent R & D team, and supports CNC & OEM

Our service

As long as you buy our machines, we support engineers to install them on-site free of charge. During the warranty period, all parts are damaged and replaced free of charge. We support online video teaching 24 hours a day, and support lifelong free software update service. We have local engineers and offices in India and Egypt, and the service is very convenient.

FAQ

Q: Do you have a product certification certificate?

A: Our products have CCC, CE, SRIA certification.

Q: How about the after-sale service? How about the warranty?

A: We have a team of professional engineers to solve your problems. Any parts that require repair and replacement are free of charge during the warranty period. We can also provide you with training and on-site installation, and support remote control of the machine, the machine uses Chinese and English interface, very easy to operate.

Q: Are you a trade company or a manufacturer?

We are an professional manufacturer specialized in Screen Printer, SMT Machine, Pick and Place Machine, Reflow Oven, SMT Production line and other SMT Products.
