

Multifunctional SMT Mounter HT-E8S 40K CPH LED Light Production Line

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Application: SMT Production Line
- Condition: New
- Mounting Speed: 45000 CPH
- Highlight: Multifunctional SMT mounter, lens SMT mounter, 40K CPH LED light production Line

Product Description

Multifunctional SMT mounter HT-E8S 40000CPH in the LED lighting production Line

Advantages

- *Single module magnetic linear motor multifunctional SMT machine.
- *Vision alignment flight identification, Mark correction.
- *Electronic feeder feeding system.
- *The mounting speed can reach 45000CPH.
- *It can produce power drive, electric board, lens, DOB bulb, etc.
- *Mounting components: LED chip, capacitors, resistors, IC, shaped components.

Specification

Length	2550mm
Width	1650mm
Height	1550mm
Total weight	1700kg
PCB size	Max:1200*500mm Min:100*100mm
PCB thickness	0.5-5mm
Mounting height	<15mm
Mounting speed	45000CPH
No.of head	12PCS
Mounting precision	±0.04mm

SMT line solution

We have full range of pick and place machine production line equipment , So we have the professional suggestions for you to build the production line. Below are the suggestion of basic steps for the pick and place progress and equipment :

Semi-automatic stencil printer→Single-rail conveyor→Pick and place machine(HT-E8S-1200)→Single-rail conveyor→Reflow oven

Related machine

Besides pick and place machine, our company have many other related machine. If you want to have much machine details and machine parameter, price etc, please contact us right now.

MACHINE LIST

PICK AND PLACE MACHINE

SOLDER PASTE STENCIL PRINTER

CONVEYOR

LOADER

UNLOADER

ETC

Exhibition

In order to allow more companies and customers to be recognized by us and expand the brand effect of the company's machines. Except during the epidemic, we will participate in exhibitions every year, including domestic exhibitions and foreign exhibitions.

Service

Maintenance period 1year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

Provide latest information about technology and equipment

We give professional technology suggestion with our clients. And share the updates news to our clients

FAQ

1.I want to buy machine for all kinds of led lighting?

We have multifunctional module HT-E8S-1200 suitable for mounting many kind of led lighting, such as led bulb, panel, DOB, strip light, tube, display, down-light, street light, etc. One module meet all your need.

2.Does the price include spare parts(nozzle and feeder)?

Different client has different requirements on spare parts, it is not fair to clients to add In equivalent price for spare parts. So we don't add the spare parts cost on price. And price is only for machine .

3.How many hours per day can this machine work?

Machine can work whole day. To extend the life of the machine, we suggest you to have 1 hour or 2 hours off per day.

4. How is the working efficiency of the machine?

The working efficiency of the machine is very high, and it will be more efficient if it is used in the production line with other related machines.
