

Electric Feeder LED Tube Light Manufacturing Machine 68 Feeders SMT Mounter

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE , ISO , CCC
- Model Number: HT-F9
- Minimum Order Quantity: 1 unit
- Price: USD 48000-72000 per set
- Packaging Details: Vacuum wooden packing
- Delivery Time: 15-30 days
- Payment Terms: T/T, L/C
- Supply Ability: 50 Unit per month

Product Specification

- Name: SMT Pick And Place Machine
- Model: HT-F9
- Brand: ETON
- Heads: 68 PCS
- Feeder Station: 68 PCS
- Mounting Speed: 250000 CPH
- Feeding Way: Electric Feeder With Double Motor
- Camera: 5 Sets Of Import Camera
- Highlight: Led tube light manufacturing machine 6KW , SMT Led tube light manufacturing machine , 68 feeders SMT mounter

Product Description

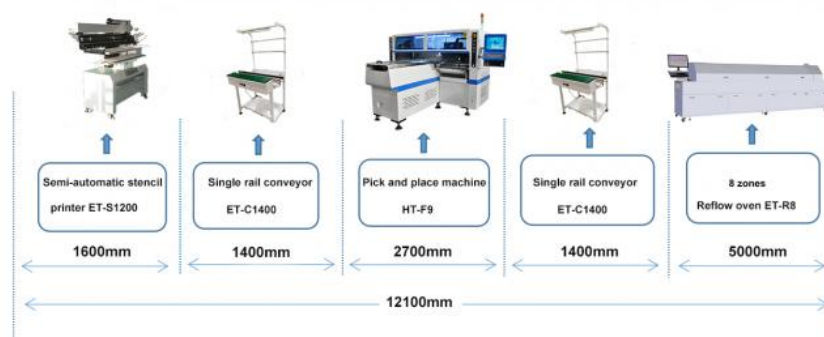

Led tube light manufacturing machine with 68 feeders SMT mounter

Main parameter

led strip production machine HT-F9	
No. Of feeders station	68PCS
No. Of head	68PCS
Dimension:	2700mm*2300mm*1550mm
PCB Length width	Max: 1200*330mm Min: 100*100mm
PCB Thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Component height	≤5mm
Operating environment	23 ±3
Power consumption	6KW
X, Y, Z Axis drive way	linear motor and serve motor
Conveyor transmission	Max length: 1200mm
Component space	0.5mm
Feeding way	Electric feeding with double motor

Production line of led tube light

Five machines: semi automatic stencil printer-conveyor - smt pick and place machine - conveyor - reflow oven

What is the company advantage?

It is an enterprise integrating R&D, production, sales and service of SMT placement machines;

Has its own production industrial park, covering an area of 50,000 square meters;

The quality control of the machine is strict, there is a quality inspection after the installation of the machine, and a quality inspection before delivery;

There are offices overseas, and engineers can go directly to the factory for installation and training.

SHENZHEN Office

ETON Industrial Park

50,000 square meters

7 buildings

300 employees

assembly line

CNC workshop

Production line Exhibition hall

10 Years Development History
Independent R&D, Exclusive patented Technology
80% large and listed LED factory are our client
Top 1 in highspeed pick and place machine in China

Exhibition

Every year, we go abroad for exhibitions, such as India, Egypt, Türkiye, Pakistan, Iran, Vietnam, etc.

FAQ

1. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

2. Does the price include spare parts(nozzle and feeder)?

Different client has different requirements on spare parts, it is not fair to clients to add in equivalent price for spare parts, so we don't add the spare parts on price. And price is only for machine

3. What other machine do you have ?

A: ETON have many modules, like the pick and place machine, conveyor, stencil printer, reflow oven machine, loader machine, etc

4. What is your machine actual speed?

The actual speed is influenced by many factors, such as the number of the components, the kind of products, the time of send board, etc. So we can't give you the accurate actual production capacity. Such as for RT-1, the speed of led chip mainly around 23000-25000CPH. But for driver will be different.
