

Highspeed SMT mounting machine HT-F7S 180K for Strip light pick and place machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Name: SMD Chip Mounter, SMT Pick And Place Machine
- Application: SMT Production Line
- Mounting Speed: 150000-180000 CPH
- Type: Automatic
- Local Service: India, Egypt, Vietnam
- Brand: ETON
- Power Supply: 380AC 50HZ

Product Description

Highspeed SMT mounting machine HT-F7S 180K for Strip light pick and place machine

Machine's Production

Pick and place machine professional for LED display, capacity reach 150000~180000CPH. The mounting head can be divided into two groups, 17 suction nozzles in each group. The number of mounting heads can be increased or decreased according to the needs of customers.

Features

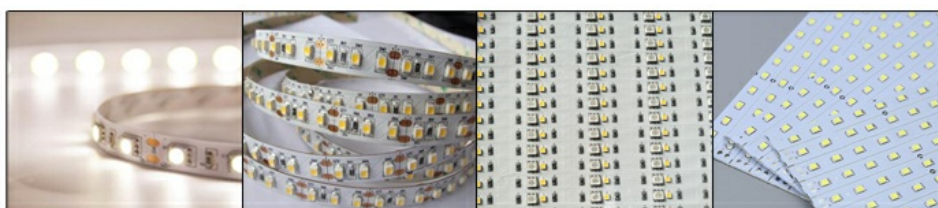

Adjustable and fix PCB automatically by software. No need support plate for mounting LED display. two module, 32 nozzles totally, part A and part B can work separately or synchronously. Exclusive patent technology: group to take and group to mount.

Specification

Dimension	
Length	2700mm
Width	2300mm
Height	1550mm
Total Weight	1700kg
PCB	
PCB Length Width	Max:1200*330mm Min:100*100mm
PCB Thickness	0.5-5mm
PCB Clamping	Adjustable pressure pneumatic
Mounting Mode	Group picking and separately placing
No. of Camera	5 sets (Digital camera)
	Vision alignment, MARK correction
Repeat Mounting Precision	±0.02mm(Repeat precision)
Mounting Height	≤5mm
Mounting Speed	150000~180000 CPH
Components	LED 3014/ 3020/ 3528/ 5050 and capacitors, resistors, bridge rectifiers, etc.
Components Space	0.5mm
Power	380AC 50 HZ
Power Consumption	6kw

Application

1. Suitable for mounting many kinds of products, such as LED tube, panel, down-light, Solar lamps, wall lamps, ceiling lamps, street lamps, table lamps and linear lamps.
2. Can mount 0.6m, 0.9m, 1.2m hard light board, 0.5m, 1m soft light strip.
3. Components: LED 3014/3020/3528/5050 and resistor, capacitors, bridge rectifiers.

Flexible strip light, Rigid PCB

Flexible strip light, RGB, LED Tube

Street light, panel light, linear light, display

It is suitable for mounting 0.5m, 1m, 1.2m hard light board or soft light strip, and can produce linear products such as lamp tube, panel light, display screen and so on.

Exhibitions

Our company participates in many exhibitions at home and abroad every year, You will see ETON's booth in some well-known large-scale exhibitions in China, including large-scale exhibitions held in Shenzhen, Guangzhou, Chongqing, Shanghai and other places.

Foreign exhibitions include exhibitions in more than 20 countries including Mumbai, Delhi, Egypt, Turkey, and Vietnam.

After service

1. One-year warranty period. During the warranty period, any parts that need to be repaired or replaced are free of charge.
2. As long as you purchase our machine, you can enjoy lifetime free software upgrade privileges. We will visit customers regularly to collect feedback information.
3. Our technical staff will provide you with online technical support services 24 hours a day.
4. We have offices in New Delhi and Mumbai, India, and can arrange engineers to install, test, and train machines for you for free.
5. In addition, we also have local engineers in Turkey and Egypt, who can provide you with technical support.
