High precision PCB SMT Mounter Machine for driver board

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC/CE
- Model Number: YT20S

Product Specification

- Machine Name: Pick And Place Machine
- Machine Speed: 90000 CPH
- Machine Heads: 20 Pcs
- Machine Warranty: One Year

Product Description

High precision PCB SMT Mounter Machine for driver board

Machine features
High precision with vision camera, could identify 0201-40*40mm reel package material and the ic tray material.
It is two gantry, double head, could produce two pcb at the same time also both heads could work for one big pcb.
Machine is using ETON international newly upgrade mounting head, R&D By ETON independently, more stable with this unique design.
Support Feeder docking cart/ IC tray feeder/Bulk feeder plate, apply to many different components.
Suitable for making all kinds of pcba, like driver board , electrical board, car board, lighting board, household appliance board, etc.
X Y Z Axis all using magnetic linear motor, it is high-end design with good quality
Each R Axis is controlled independently by servo motor and the Grating scale feedback
Support automatic replacement nozzles.
Support MES Interface
Support Customized bigger vision camera for big component mounting

Structure picture

● Dual arm two heads, theoretical speed could reach 90000 CPH
● Fly vision camera, high precision for mounting 0201 components
● Free machine install, easy operate, brand guaranteen

What is the guarantee from yourside?

ETON is top international smt machine brand, we have exported machine more than 20 countries, also honor to cooperate with many big brand, such as Foshan lighting/ MLS/ NAVIGATES/Park/NVC/RANGDONG/PARK/ETC
