

LED Neon Strip SMT Mounter 0201 SMD Components PCBA Board SMT Mounting Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

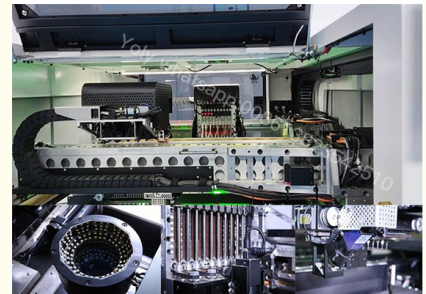

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC,SIRA,CE
- Model Number: YT202S YT101S
- Minimum Order Quantity: 1PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8days
- Payment Terms: L/C, T/T
- Supply Ability: 50pcs/month

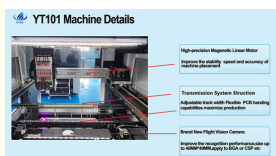

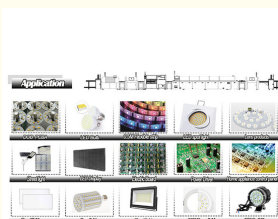

Product Specification

- Brand: ETON
- Length: 2154mm
- Width: 1376mm
- Height: 1762mm
- Total Weight: 1700kg
- Mounting Speed: 40000CPH
- Highlight: Neon Strip SMT Mounter,
0201 SMD Components SMT Mounter,
Flexible SMT Mounting Machine

Product Description

Led neon strip mounter 0201 SMD components PCBA board SMT mounting machine

SMT machine manufacture

We are manufacture pick and place machine in SMT industry we have more than 10 years experienced and we have many client in overseas we can provide SMT machine for many years

Our machine can produce all PCBA product like LED bulb PCBA panel light PCBA tube light PCBA DOB bulb PCBA flexible strip PCBA display PCBA and so on.

And the whole SMT production line

Semi-automatic: Stencil printer machine--conveyor--pick and place machine--reflow oven

Automatic: Automatic printer machine--conveyor--pick and place machine--reflow oven

Semi-automatic and automatic production line difference

Semi-automatic production line is cheap than Automatic production line and the space required is very small. and the fully automatic line is just the opposite. and semi-automatic production line need 2-3 people to operate and the Automatic at least need 1 people to operate.

Need for something to know

Our machine is divided into two part. the first part is multifunctional machine and the second part is high speed machine.

Multifunctional machine has RT1, RT-2, E8S, E8D, YT101, YT101S, YT10, YT202, YT202S, YT20, YT402

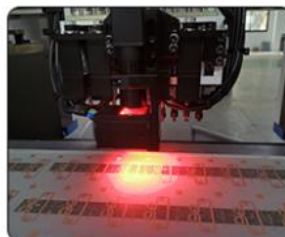

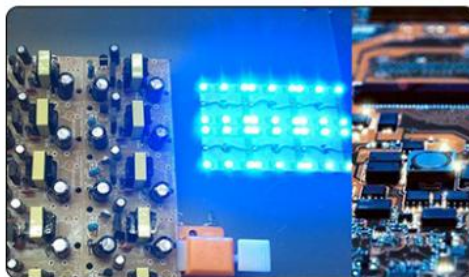

High-speed machine has F7S, F9, T9, T9-2S

E8S: it has 12 heads max PCB size: 1200*500mm, mounting speed can reach 45000CPH, it can produce all led PCBA board, like bulb, DOB, panel, tube, flexible, display, lens products, etc.

T9: it has 68 heads can produce neon roll to roll strip light, it can produce 50m, 100m, 200m strip light.

T9-2S: it has 136 heads can produce neon roll to roll strip light, mounting speed can reach 500K CPH. and a hour can produce 2000 meters flexible strip.

YT101S

FAQ

Q: Do you have a product certification certificate?

A: Our products have CCC, CE, SRIA certification.

Q: How about the after-sale service? How about the warranty?

A: We have a team of professional engineers to solve your problems. Any parts that require repair and replacement are free of charge during the warranty period. We can also provide you with training and on-site installation, and support remote control of the machine, the machine uses Chinese and English interface, very easy to operate.

Q: Are you a trade company or a manufacturer?

We are an professional manufacturer specialized in Screen Printer, SMT Machine, Pick and Place Machine, Reflow Oven, SMT Production line and other SMT Products.
