## 180K CPH LED Bulb Making Machine 5 Sets Camera Pick And Place Machine

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

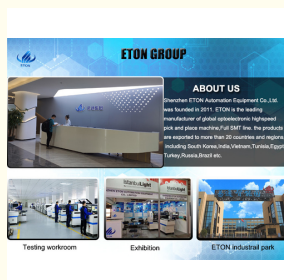

### Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Condition: New
- Mounting Speed: 180000 CPH
- Product Name: Place Machine\ LED Mounter\LED Assembly Machine
- Type: Automatic
- Highlight: 180K CPH LED Bulb Making Machine, automatic placement LED Bulb Making Machine , Bulb Making Pick And Place Machine

## Product Description

### LED bulb making mounter 180K 5 sets camera pick and place machine

#### Production Discription

The automatic placement machine is used to realize high-speed, high-precision and automatic placement of components. It is the most critical and complex equipment in the entire SMT production. The placement machine is actually a precision industrial robot.

Through the functions of absorption-displacement-positioning-placement, without damaging the components and the printed circuit board, it realizes the rapid and accurate mounting of SMC/SMD components to the specified pad positions on the PCB board.

#### Parameter

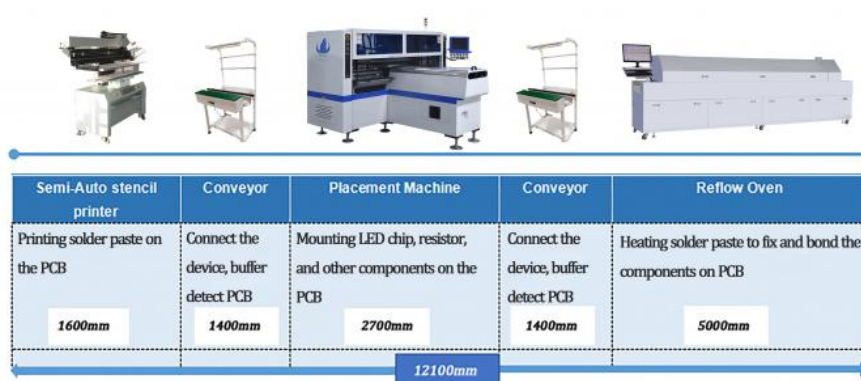

Model	HT-F7S
PCB Length Width	Max:1200*330mm Min:100*100mm
PCB Clamping	Adjustable pressure pneumatic
O.S.	
System	Windows7
Software	R&D independently
Vision System	
Mounting Speed	180000 CPH
Components	LED 3014/ 3020/ 3528/ 5050 and capacitors, resistors, bridge rectifiers, etc.
Power	380AC 50 HZ
X,Y,Z Axis Drive way	High-end magnetic linear motor+ Servo motor
Feeding System	
No. of Feeders Station	68 PCS
No. of head	34 PCS
Feeding way	Electric feeder with double motor

#### SMT Production Line

1. Include automatic pick and place machine, solder paste stencil printer, reflow ovens machine, conveyor, Excellent combination
2. From print solder paste to mounting components, the whole smt line is equipment, you just need to decide the product, we give you best suggestion for the production line
3. Flexible. We can provide automatic line or semiautomatic line. It is flexible and decide by you.
4. Much save cost. Buy from one manufacturer save time, save money, much easy for after sales service.

We can provide whole line solution if you want, we are very professional on SMT field.

The following is the semi-automatic production line of F7S machine:

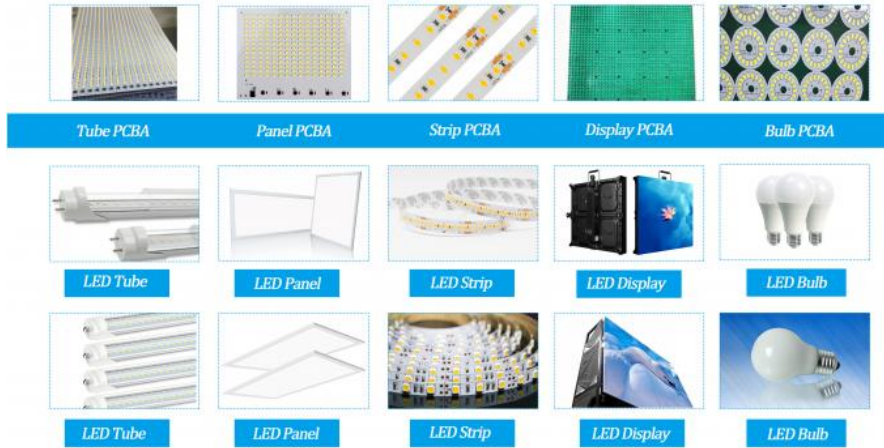

#### Application of F7S Mounter

F7S is the super high speed pick and place machine, it is suitable for mounting board within 1.2 meters. Widely apply to rigid PCB and flexible PCB. And suitable for mounting led chip, resistor, bridge, RGB, etc.

So F7S very suitable for led module lighting, such as LED TUBE, Strip, panel, street light, display, etc.

## Application

## Exhibition

Our company participates in exhibitions at home and abroad every year (except during the epidemic period), such as:

**Overseas:** India Delhi Exhibition, India Mumbai Exhibition, Pakistan Exhibition, Egypt Exhibition, Tunisia Exhibition, Thailand Exhibition, etc.;

**Domestic:** Guangzhou Guangya Exhibition; Shanghai Munich Exhibition; Chongqing LED Light Exhibition, etc.

## FAQ

1. who are we?

We are based in Guangdong, China, start from 2011, sell to Domestic Market(70.00%), Southeast Asia(10.00%), Eastern Asia(5.00%), Africa(4.00%), Eastern Europe(3.00%), Mid East(3.00%), Western Europe(3.00%), South America(2.00%). There are total about 201-300 people in our office.

2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

3. what can you buy from us?

SMT Multi-Functional Pick and Place Machine, LED High-Speed Pick and Place Machine, Glue Dispenser Machine, SMT Machine, Automatic Stencil Printer
