

ETON YT20S Fastest Pick And Place Machine Automatic LED Lights Assembly Machine

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, RoHS
- Model Number: YT-20S
- Minimum Order Quantity: 1
- Price: USD 45000~76000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 days after deposit
- Payment Terms: L/C, T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Pick And Place Machine
- Mounting Height: <36mm
- Mounting Speed: 90000CPH
- Place Of Origin: China
- Drive Way: High-end Magnetic Linear Motor +servo Motor
- Applicable Components: 0402--5050,SOP,TQFP,BGA,etc
- Dimension: 2088*1686*1375mm
- Type: SMT Machine Related Products,New
- Power: 380AC 50HZ
- Total Weight: 2000kg
- Visual Camera: 2 Sets Of Imported Camera
- Highlight: **CCC Fastest Pick And Place Machine, BGA Fastest Pick And Place Machine, SMT LED Lights Assembly Machine**

Product Description

High quality SMT pick and place equipment smd pick and place machine for PCB with 80000CPH high speed

Advantage of YT20S smd pick and place machine

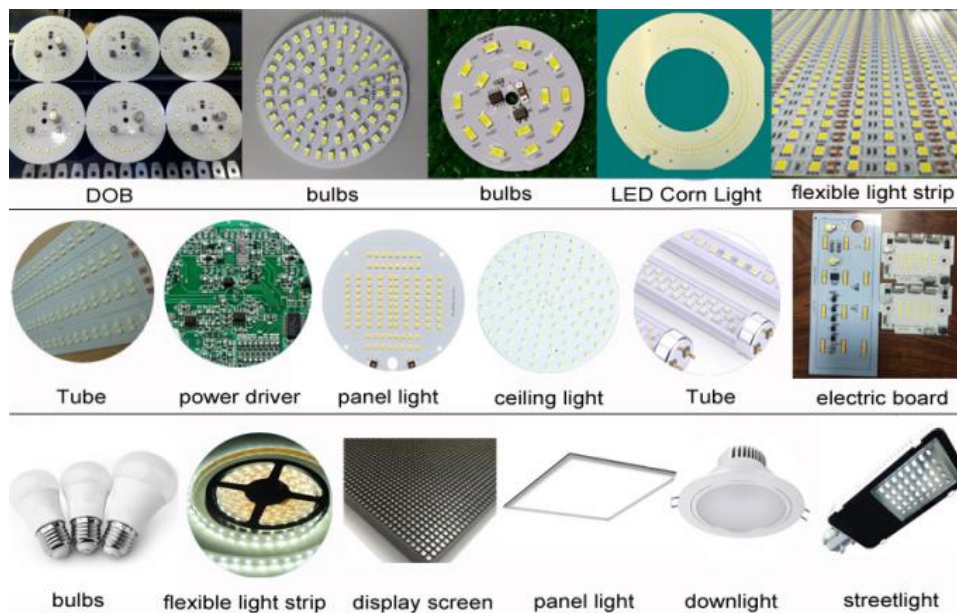

1. New function: The placement head adopts independent vacuum detection, improving placement performance. Improving the stability of the equipment and the reliability of the product.
2. New feeding design: Use Docking cart and IC tray feeder, freely switching between docking cart and IC tray feeder, and freely switching between docking cart and IC tray feeder. Support double head intelligent electric tape reel feeder, by optically correcting the feeding position of the component.
3. Off-line programming, save time of changeover cycle.
4. YT20S pick and place machine with Optical recognition camera, Component with size less than 40*40mm or height less than 20mm can be used to high speed and high precision identification.

PCB size	Max pcb size: 500*450mm min size: 50*50mm
Software	R&D independently
Mounting speed	80000CPH
Drive way	High-end magnetic linear motor + servo motor
Nozzles	Double side : 20 pcs
feeder station	32 PCS Tape reel packages: 64 PCS
Feeding way	intelligent double head feeder
Component range	min 0201~40*40mm tape reel packages and IC tray feeder etc.
Camera	4 sets camera
power	380V 50 hz

Application

ETON supply whole SMT line machine, mainly included : Automatic stencil printer, Semi-automatic stencil printer, Conveyor, Pick and place machine, Reflow oven machine, Loader, Un-loader machine, PCB cleaning machine, stencil printing machine, etc.

Our Company

Since its establishment in 2011, ETON has been committed to the development and production of SMT placement machines and peripheral equipment in 2007.

1. It has more than ten years of research and development experience and LED industry service experience;
2. With an industrial park of 50,000 square meters, focusing on the R&D and production of the SMT industry;
3. 45,000 square meters of workshop, to ensure that customer needs are met, and the machine is manufactured and shipped within the specified time.

After-sale Service

we will send our engineer to your factory to install machine and training freely.

We have service office in india, and have indian engineer in delhi and mumbai. Can support quickly.

Standard warranty is one year, during warranty, any parts need to be repaired and replaced will be free.

Pre-Consultation: provides professional SMT solutions for the full line.

■ Factory Warranty: One-year warranty factory service.

■ Installation: On-site installation and commissioning, to ensure smooth production.

■ Software Upgrade: offers lifetime free software upgrades for all products
