Intelligent SMT Placement Machine With 45000 CPH China Supplier

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: Guangdong China
- Brand Name: ETON
- Certification: CCC
- Model Number: HT-E8S
- Minimum Order Quantity: 1 sets
- Payment Terms: T/T

Product Specification

- Model Name: HT-E8S
- PCB Size: HT-E8S-1200: MAX1200*500 MIN 100*100
HT-E8S-600: MAX600*500 MIN100*100
- CAPACITY: 45000
- No. Of Head: Single Module 12pcs Head
- Highlight: Intelligent SMT Placement Machine,
12pcs head SMT Placement Machine,
Bulb SMT Placement Machine

Product Description

一. Product Description

HT-E8D can mount wide components, encompassing **LED chip, capacitor, resistor, IC, shaped components** etc. It can mount wide products, including **drive motor, electric board, lens, DOB bulb, linear bulb** etc.

二. Parameters

Brand	Eton
Model name	HT-E8D-1200
Length*width*height	3150*2250*1650
Weight	2500
PCB size	MAX1200*300 MIN 100*100
PCB thickness	0.5~5mm
PCB clamping	Adjustable pressure pneumatic
Capacity	90000CPH
Voltage	AC380V,50Hz
Transmission speed	1000mm/sec
Mounting height	15mm
No. of camera	4sets of imported camera
No. of head	48pcs
No. of feeder station	24pcs
Drive motor	High-end magnetic linear motor+Dervo motor
Warranty	1 year
Place of origin	Guangdong, China

三. Company profile

Shenzhen ETON Automation Equipment Co.,Ltd. was established in 2011 while successfully researched and produced the first machine in 2007. It is a manufacturing and process solution provider focusing on R&D, production, sales and service of SMT high-speed pick and place machines and SMT peripheral automation equipment. ETON has SMT high-speed pick and place machine division, precision solder paste stencil printer division, high-speed precision dispensing equipment division and SMT peripheral automation equipment division.

Eton is not only in the leading position in the photoelectric high-speed smt machine, but also has made breakthrough progress in the field of high-speed placement machines, which are widely used in lighting, LED display, electronics field, power deriver, home appliance, new energy and other industries.

Eton aims to "build a world- class enterprise, and is committed to continuously providing the market with products and services that are "more intelligent, more professional, more efficient, and lower consumption. "

四. Premium service

Pre-sale:

- A. Provide professional advice on SMT production line.
- B. Recommend the most suitable model according to the product.
- C. Provide the best quotation at ex-factory price

After-sales:

- A. Before shipment, the machine will be tested.
- B. Provide machine-free installation training, video training and online training.
- C. Professional after-sales team, solve problems in the first time.

五. Package and delivery

Packaging: standard export packaging or customized packaging.

Step 1. Pack the machine with foam cotton and then stretch the film to protect the outside of the machine

step 2. Put the desiccant in the vacuum bag to prevent moisture

Step 3. Professional wooden box packaging

六. Exhibition

We have attended many exhibitions home and abroad like Guangya Exhibition, Shanghai Munich Exhibition and so on. Next month we are going to Egypt and India. Wanna more information ,contact Regina for convenience. **Whatsapp:**
