

## CCC LED Bulbs SMT Mounter High Precision Recognition 68 Heads SMT Pick And Place Machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: HT-T9
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum package, wooden case
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets/month

#### Product Specification

- Warranty: 1 Year
- Name: SMT Pick And Place Machine
- Power Supply: 380AC 50HZ
- Condition: New
- Weight: 1700kg
- Mounting Speed: 250000CPH
- Dimension: 3100\*2300\*1550mm
- Feeders: 68
- Pcb Thickness: 0.5~1.5mm
- Highlight: CCC LED Bulbs SMT Mounter, High Precision Recognition SMT Mounter, 68Head SMT Pick And Place Machine

## Product Description

### Product description

Mounting machine HT-T9 with dual arm magnetic linear,producing 4 types materials at the same time capacity reach 250000CPH. Able to produce flexible light belt products of any length at ultra high speed and roll to roll, such as 0.5m, 1m, 5m, 10m, 50m, 100m, 500m, etc.

### Feature Description

- 1,Mounting machine is dual arm four module,17 nozzles for each mounting part,part A or part B can be mounted separately or synchronously.
- 2,Calibration automatically,high precision,available for RGB.
- 3,Unique design components leaking detection and individual component refill function.
- 4,Intelligent electric feeder,supporting high speed mounting machine series
- 5,Flight recognition camera,no pause to detect the presence and absence of component,component adsorption state,prevent placement errors.
- 6,The clamping rod is driven by the air cylinder to correct the material taken by mounting head.

### Parameter

Product name	Mounting machine
Model	HT-T9
PCB size(mm)	Max:250*any length
PCB thickness	0.5-1.5mm
Mounting component height	$\leq 5$ mm
Mounting precision	$\pm 0.02$ mm
No.of camera	5 PCS
No.of nozzles	68 PCS
No.of feeders station	68 PCS
Components	LED 3014/3020/3528/5050 and resistor, capacitors,bridge rectifiers.
Feeding way	Electric feeder with double motor

### More details

- 1,ETON tech adjustable mounting machine placement head,can be mounting a variety of different materials.

- 2,Flexibly adjust the distance between feeder station.

Unique design components leaking detection and individual component refill function.

### Cooperative customers

As a leading brand of global high-speed mounting machine manufacturer, ETON has an absolute leading market share in the LED industry. Its products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Türkiye, etc.

### SMT production line

The whole SMT production line machine mainly include Loader machine, full automatic stencil printer, pick and place machine, conveyor, reflow oven, unloader machine

Stencil printer: Put the solder paste on the PCB board

Conveyor: transmission the PCB board to pick and place machine

Pick and place machine: mounting the components on the PCB board

reflow oven: heating the PCB board

### Our advantages

Rich experience in SMT Industry Line. ETON set up more than 10 years, we are leading manufacturer of SMT machine in China.

Our machines are of better quality, more accurate and faster to mount. We also have our own exclusive patented technology such as dual motor electronic Feeder feeding system, flight identification visual alignment, group picking and group placing and so on.

### FAQ

What are the terms of payment?

A: FOB Shenzhen is OK.

How to pay after buying the product?

A: For payment, we only support T/T at present. If you choose T/T, you will have to pay 30% deposit, and the remaining amount will be paid before shipment.

How long is the product warranty period?

A: Effective within one year after installation.
