

Width Adjustable LED Automatic Double Sided Tape Application Machine CCC

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: ET-600
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Name: LED Automatic Adhesive Tape Machine
- Condition: New
- Brand: ETON
- Local Service: India, Egypt, Vietnam
- Industrial Park: 52,000 Square Meter
- Highlight: **Automatic Double Sided Tape Application Machine CCC**
, SMT Automatic Double Sided Tape Applicator,
LED Automatic Double Sided Tape Applicator

Product Description

Double-sided adhesive width adjustable LED Automatic Adhesive tape machine

Product introduction:

According to the customer requirements, to solve the soft light, hard light, S lamp, lamp panel, LED backlight and other products with the consistency of the quality cost of artificial gum, difficult problem, this equipment after repeated research, testing, the grand launch of ET-600 plate with double-sided adhesive machine.

Product function:

Can realize a variety of products automatically paste double-sided adhesive function;

The machine feeding can be fully automatic, semi-automatic switching;

Glue height adjustable, can be changed according to different product height;

Double-sided adhesive width adjustable, can adjust the width of double-sided adhesive according to different product sizes, can be arbitrarily switched;

It can realize single or multi stick double glue at the same time, and the efficiency is higher.

Clients:

ETON as the leading manufacturer of global photo electronic high speed pick and place machine, the products are exported more than 20 countries and regions, including India, Vietnam, Tunisia, Egypt, Turkey, Russia, Thailand, etc. Take India as an example, We have many big clients in India, Such as RK, SURYA, Fiem, Calcom, POLYCRB, etc. We have sold over a hundred machines to India.

SMT production line features

1. Include automatic pick and place machine, solder paste stencil printer, reflow ovens machine, conveyor, Excellent combination
2. From print solder paste to mounting components, the whole smt line is equipment, you just need to decide the product, we give you best suggestion for the production line
3. Flexible. We can provide automatic line or semiautomatic line. It is flexible and decide by you.
4. Much save cost. Buy from one manufacturer save time, save money, much easy for after sales service.

We can provide whole line solution if you want, we are very professional on SMT field.

Service

We can provide you with excellent service, we also have professional overseas engineers to your factory provide install, training service until you can operate the machine adroitly.

1. We can provide you with the whole production line.
2. Our software is R&D independently. We can offer software upgrade for lifetime for free
3. We have 50,000 square meters of industrial park. The production strength is abundant, occupies the first place in the domestic profession.
4. If you have any problem with the product, we will have overseas engineers come to your home for free repair or replacement within one year. Because we have offices overseas and local engineers.

Clients Projects

100M Strip Light SMT Production Line

ETON helped the client to plan the 100M production line, including the patch production line: PCB loader-semi-automatic printing machine-The buffer stage-high-speed pick and place machine - 24M assembly line - reflow oven - PCB unloader, and also planned 24M test line, sub-board line, coating production line. The client put into production in 2021, and the production situation is very good. ETON technicians installed the machine in the client's factory, planned the wiring, tested the production, and trained the client's engineers. The client's project was very successful, becoming one of the few in India that can provide 100M without wires. The factory for the production of all flexible light strips is very competitive, and now is planning add a new SMT production line with ETON to expand production and LED product categories.

Packaging

All machines are packed with vacuum and wooden packing like the one in the pictures.

Step 1. Film packaging

Prevent the machine from dust ,water,crash and shaking.

Step 2. Add foam+film packaging

Double safe protection,Prevent the machine from crash and shaking.

Step 3. Unique tin foil packaging

Add tin foil packing can prevent the film from scratch broken.

Step 4. customized Strong wood carton packing

The customized strong wood packing for ocean ship,The machines are fix oi in the wood carton, effectively prevent collision and shock.

FAQ

Q: We do not experience for machine operate, is it difficult to operate?	A: Our machine is intelligent, and we have 24 online service, also we have local office in India, Egypt, Tunisia, etc.
Q: Can I visit the production site of your machines in India?	A: I have to ask my clients. After all, this is our customer's factory. We can't make decisions for my clients. I think that You wouldn't want your competitors to visit your manufacturing site. please understand
Q: What is the difference of automatic line and semi automatic line ?	A: SMT production line mainly include stencil printer , pick and place machine, oven machine. The big difference of auto line and semi-auto line is the price and the labor. Automatic line required higher cost but save much cost of labor. Usually one operator is enough. But semi automatic line need at least 2 workers.
Q: How can you make sure that the products won't be damaged or wet?	A: We take multiple measures to protect the products. They are first packing with individual. We put them into a carton and wrapped with plastic film and sealed with tape to keep the cartons in position and protect them from water.
Q: What is your machines quality?	A: We have our own industrial park . There are production centre and R&D centre and quality inspection centre to guarantee the machines quality.
