High Accuracy Large Area 45000 CPH SMD Pick And Place Machine With 10 Heads

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,SIRE
- Model Number: YT10S
- Minimum Order Quantity: 1
- Price: USD30000~70000
- Packaging Details: WOODEN CASE
- Delivery Time: 30 DAYS
- Payment Terms: T/T,LC
- Supply Ability: 50/PER MOUNTH

Product Specification

- Application: SMD Production Line,SMT Mounting Shooter Machine,SMT Production Line,for SMT Machine
- Mounting Precision: High
- Mounting Capacity: Large
- Mounting Components: 0201, 3528, IC, Resistor, Capacitors, Etc
- Warranty: 12 Months
- Applicable Components:0402,0805,0603,1206,SOP
- Name: SMT Pick And Place Machine,SMT Chip Mounter
- Power Supply: AC220V 50Hz / AC110V 60Hz
- Product Name: Place Machine\ LED Mounter\LED Assembly Machine,Automatic SMT Mounting Shooter
- Weight: Approx.1340KG

Product Description

Product Description:

SMT Mounting Machine

Our SMT Mounting Machine is designed for mounting LED chips with high precision and high speed. The mounting method adopts the advanced Surface Mount Technology (SMT), which ensures the quality of the mounted LED chips and helps to increase the production efficiency. With the help of this SMT Mounting Machine, LED chip mounter, SMD PICK AND PLACE MACHINE and led bulbs making machine can be easily achieved with the highest accuracy. It is a great choice for anyone looking to improve production efficiency with the highest quality.

Features:

Product Name: SMT Mounting Machine

Mounting Speed: High

Mounting Type: Surface Mount Technology

Mounting Head: Multi-head

Mounting Accuracy: High

Mounting Process: Automatic

Led Light Making Machine: Yes

SMT Pick and Place Machine: Yes

RT-1

Single Module Pick and Place Machine

High Capacity

10 heads pasted on the PCB board at the same time, maximum mounting speed 40000 CPH

Powerful Functions

RT-1 is a multi-function pick and place machine, Apply the PCB size :Max: 450*350 mm

Application products: LED bulb, DOB bulb, power driver, street light, down light, led display, household appliance

ETON SMT LINE

RT-2 Mountable Components

Capacitors	Inductor	Resistor	Integrated Circuit Chip IC	With lamp beads	LED Chip 3528/5050/2835/5630/3527/3014	Lens
SOP	Fuse	Relay	Transformer	Bipolar Junction Transistor	Diode	Surface Mounted Device

Technical Parameters:

Product Name	Technical Parameters
SMT Mounting Machine	Mounting Accuracy: High
SMT Mounting Machine	Mounting Quality: High

SMT Mounting Machine	Mounting Process: Automatic
SMT Mounting Machine	Mounting Area: Large
SMT Mounting Machine	Mounting Height: Adjustable
SMT Mounting Machine	Mounting Type: Surface Mount Technology
SMT Mounting Machine	Mounting Speed: High
SMT Mounting Machine	Mounting Precision: High
SMT Mounting Machine	Mounting Time: Short

Applications:

The **ETON YT10S SMT Mounting Machine** is a state-of-the-art automatic mounting machine, designed to provide a large capacity and adjustable height for a wide range of applications. It is certified with CE, CCC, and SIRE and it is available in a wide range of minimum order quantities and prices, ranging from USD30000~70000. It is also packaged in a wooden case and delivered within 30 days. The payment terms include T/T and LC, while the supply ability is up to 50 per month.

The ETON YT10S SMT Mounting Machine is perfect for smt pick & place, LED light making, LED chip mounter, automatic mounting and other similar applications. It offers large mounting area and capacity, as well as adjustable mounting height. Its advanced automatic mounting process ensures high-quality performance and efficient operation.

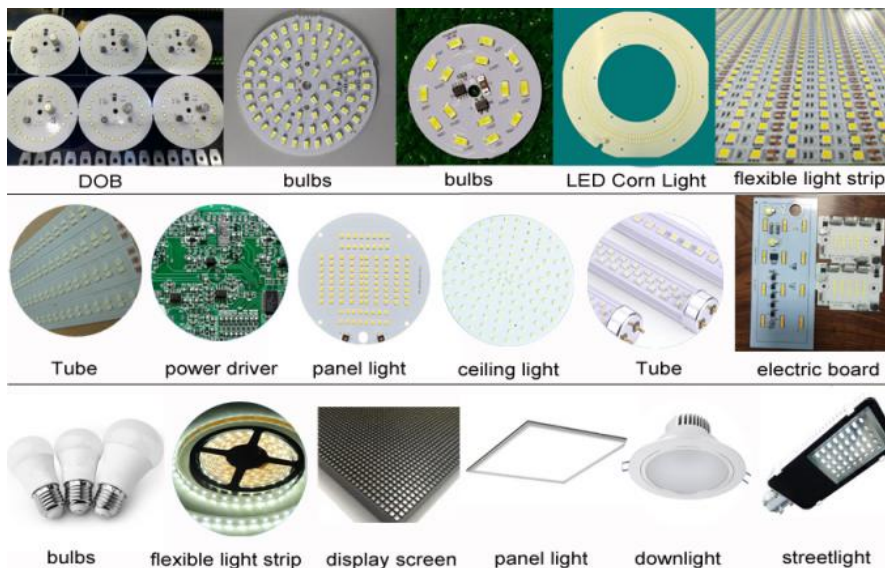

The ETON YT10S SMT Mounting Machine is an ideal choice for those who need an efficient and reliable automatic mounting machine. Its adjustable height, large mounting area and capacity, easy-to-use automatic mounting process, and competitive pricing make it the perfect choice for a wide range of applications.

Semi-automatic Production Line Layout

Advantages of SMT Production Line

1. Improvement of mounting quality
2. Improvement of productivity
3. Reduction of the burden on workers
4. More cost and production space savings

Customization:

SMT Mounting Machine
Brand Name: ETON
Model Number: YT10S
Place of Origin: CHINA
Certification: CE,CCC,SIRE
Minimum Order Quantity: 1

Product Description

Our SMT Mounting Machine is designed to meet the highest standards of quality and performance. It is a multi-head, automatic mounting machine with high mounting quality and large capacity. It is suitable for SMT pick and place, LED light making and other SMT applications. It is equipped with advanced features that ensure efficient and accurate mounting of components. The machine is CE, CCC and SIRE certified, and is made from superior quality materials for long lasting performance.

Features

SMT pick and place machine
LED light making machine
SMT machine
SMT equipment
Multi-head mounting head
High mounting quality
Large mounting capacity
Automatic mounting method
CE, CCC and SIRE certified
Superior quality materials

Support and Services:

SMT Mounting Machine Technical Support and Service

We provide technical support and service for all our SMT Mounting Machines. Our highly trained technicians are available to handle any issue you may have with your SMT Mounting Machine

Technical Support

We offer technical support for all our SMT Mounting Machines. Our technical support staff is available 24/7 to answer any questions you may have. We also provide online tutorials and video guides for those who need help setting up their machines.

Maintenance and Repair

We offer maintenance and repair services for all our SMT Mounting Machines. Our team of experienced technicians can diagnose and repair any issues you may have with your machine. We also provide preventative maintenance services to ensure your machine is running optimally.

Replacement Parts

We offer replacement parts for all our SMT Mounting Machines. We keep a large inventory of parts in stock and can ship them to you quickly if needed. We also provide technical support for those who need assistance installing the parts.

Packing and Shipping:

SMT Mounting Machine packaging and shipping:

The SMT Mounting Machines are packaged in a high-quality, durable cardboard box that is designed to protect the machines from shocks, vibrations, and other impacts during transit. The box is then secured with packing tape and labeled with the product information and destination address.

The SMT Mounting Machines are shipped via a reputable freight carrier that specializes in the safe delivery of delicate electronic equipment. Tracking information is provided to the customer so they can monitor the progress of the shipment.

FAQ:

Q1: What is the brand name of the SMT Mounting Machine?

A1: The brand name of the SMT Mounting Machine is ETON.

Q2: What is the model number of the SMT Mounting Machine?

A2: The model number of the SMT Mounting Machine is YT10S.

Q3: Where is the SMT Mounting Machine manufactured?

A3: The SMT Mounting Machine is manufactured in China.

Q4: What certifications does the SMT Mounting Machine have?

A4: The SMT Mounting Machine has CE, CCC, and SIRE certifications.

Q5: How many SMT Mounting Machines can be supplied each month?

A5: 50 SMT Mounting Machines can be supplied each month.
