Automatic Capacitors SMT Mounting Machine LED Pick And Place For Industrial Production

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,SIRE
- Model Number: YT10S
- Minimum Order Quantity: 1
- Price: USD30000~70000
- Packaging Details: WOODEN CASE
- Delivery Time: 30 DAYS
- Payment Terms: T/T,LC
- Supply Ability: 50/PER MOUNTH

Product Specification

- Mounting Type: Surface Mount Technology
- Mounting Method: Automatic
- Mounting Accuracy: High
- Mounting Time: Short
- Mounting Components: 0201, 3528, IC, Resistor, Capacitors, Etc
- Warranty: 1 Year
- Applicable Components: 0402, 0805, 0603, 1206, SOP
- Name: SMD Chip Mounter, SMT Pick And Place Machine, SMT Chip Mounter
- Power Supply: AC220V 50Hz / AC110V 60Hz
- Condition: 100% Original
- Weight: 1900KG
- Highlight: Automatic Capacitors SMT Mounting Machine,

Product Description

Product Description:

The **SMT Mounting Machine** is an ideal choice for those who are looking for a reliable and cost-effective solution for mounting components. It is designed to mount components including 0201, 3528, IC, Resistor, Capacitors, and more. The adjustable mounting height allows for easy adjustment and flexibility. It uses Surface Mount Technology (SMT) for an automatic and accurate mounting process. Additionally, it is a cost-effective solution that is designed to be easy to use and maintain. With its robust and reliable design, the SMT Mounting Machine is perfect for LED light making machine and other electronic assembly applications.

Features:

Magnetic linear motor:YT10S multifunctional pick and place machine,XY Axis drive by magnetic linear motor,import the mounting with high precision and high stability.

High speed multi modular head:YT10S adopt high speed multi modular head ,apply to ultra small chip 0201~10*10mm,large chip wider components.

Brand new flight vision camera:improve recognition performance ,give up to 10*10mm

Technical Parameters:

Parameter	Value
Total weight	1700kg
PCB length width	500*350mm min:50*50mm
PCB thickness	0.5~4.5mm
PCB clamping	cylinder clamping and track width adjustable
Mounting Quality	High
Mounting Process	Automatic
Mounting Capacity	led,resistors,capacitors,shaped components,etc
Mounting Precision	0.02mm
Mounting speed	45000CPH optimal speed
no. of heads	10 PCS

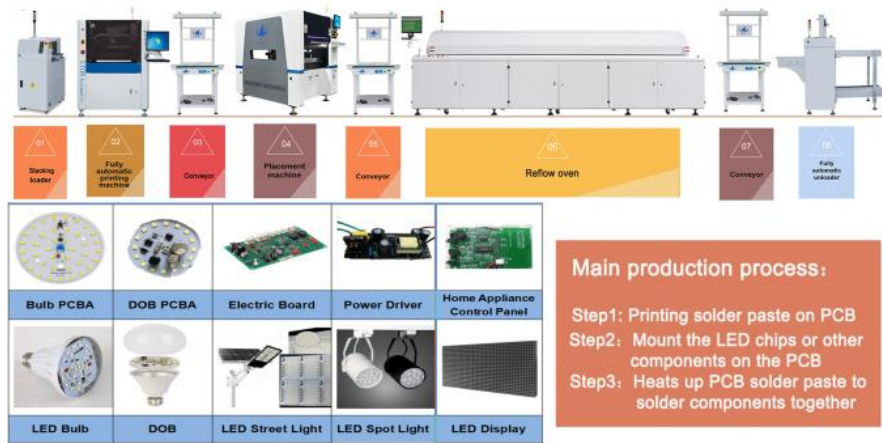

Applications:

SMT Mounting Machine: ETON YT10S

ETON YT10S SMT Mounting Machine is a reliable and cost effective SMD Pick and Place Machine designed and manufactured in China.

It has been certified with CE, CCC, SIRE to ensure highest quality. This advanced SMD chip mounter is capable of mounting 0201, 3528, IC, Resistor, Capacitors, Etc components with high precision, large mounting area and low cost. Its delivery time is approximately 30 days.. It is packed in wooden case to guarantee safe delivery and comes with ability to produce 50 pieces per month.

RT-1 Fully Automatic SMT Production Line Layout

Support and Services:

SMT Mounting Machine Technical Support and Service

Our SMT Mounting Machine offers customers a complete set of technical support and services.

On-site Support

Our team of professional technicians is available to come to your site and provide on-site technical support and services for your SMT Mounting Machine.

Remote Support

We provide remote support and services for our SMT Mounting Machine. Our team of experts can provide remote access and troubleshooting services to help you get the most out of your machine.

Training

We offer comprehensive training courses for our SMT Mounting Machine. Our courses are designed to help you understand and use the machine more effectively. We also provide customized training solutions for specific needs.

Warranty and Repair

We provide a one-year warranty for our SMT Mounting Machine. If your machine needs repair or maintenance, our team of experienced technicians can provide these services for you.

Packing and Shipping:

The packaging and shipping of the SMT Mounting Machine involves wrapping the product in a protective material, such as bubble wrap, and packing it into a box. The box should be secured with packaging tape and labeled with the customer's address. The package should then be loaded onto a pallet and secured with straps or shrink wrap. The pallet should then be loaded onto a truck or cargo plane and shipped to the customer's address.

FAQ:

Q: What is the Brand Name of this SMT Mounting Machine?

A: The Brand Name of this SMT Mounting Machine is ETON.

Q: What is the Model Number?

A: The Model Number is YT10S.

Q: Where is the Place of Origin of this SMT Mounting Machine?

A: The Place of Origin of this SMT Mounting Machine is CHINA.

Q: What Certifications does this SMT Mounting Machine have?

A: This SMT Mounting Machine has CE, CCC, SIRE Certifications.

Q: What is the Minimum Order Quantity?

A: The Minimum Order Quantity is 1.

Q: What is the Price Range of this SMT Mounting Machine?

A: The Price Range of this SMT Mounting Machine is USD30000~70000.

Q: What is the Packaging Details?

A: The Packaging Details is WOODEN CASE.

Q: What is the Delivery Time?

A: The Delivery Time is 30 DAYS.

Q: What are the Payment Terms?

A: The Payment Terms are T/T, LC.

Q: What is the Supply Ability?

A: The Supply Ability is 50/PER MOUNTH.
