PCB Size 1200*500mm SMT Chip Mounter SMT Mounting Machine For All LED Lighting

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Mounting Capacity: 45000CPH
- Mounting Components: Various Components
- Mounting Cost: Low Cost
- Mounting Type: Automatic
- Product Name: SMT Mounting Machine
- X,Y,Z Axis: Magnetic Linear Motor+ Servo Motor
- Highlight: 1200*500mm SMT Chip Mounter,
SMT Chip Mounter for LED Lighting,
SMT Mounting Machine For All LED

Product Description

HT-E8S SMT Mounting Machine: For Bulb, Panel Lamp, strip Lamp 45000CPH mounting machine

Parameter

PCB size	Max:1200*500mm Min: 100*100mm
PCB thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Mounting mode	Separate to pick and separate to stick
Mounting height	15mm
Mounting precision	±0.04mm
Mounting speed	45000CPH
Components space	0.2mm

Product description

1. While producing a variety of PCBA, it can also mount lenses, IC and various special-shaped components. The minimum mounting components range is 0402, the maximum mounting components range is 15mm, and the maximum width span of the components is 17mm, **The production capacity can reach 45000 CPH (our best conditions).**
2. The maximum length of guide rail transmission is 1200mm, which means that this model can be pasted with different products, ranging from **100 * 100 bulb PCB board to 1200 * 500mm LED tube PCB board.**
3. The single-mode group has **12 suction nozzles and 28 feeders**, each head is controlled by a servo motor, The two work together. PCB boards with different angles can be mounted, such as the circular state of bulbs

Appliance

This machine is widely used at home and abroad and is well received by customers. It is a multi-function machine, used to mount a variety of products, such as a variety of lamps, drivers, displays, lenses, circuit boards and so on. Accurate recognition: flight recognition visual alignment, MARK correction. The size of the PCB is 1200*500, which is suitable for mounting various bulbs and lamps.

Production Line

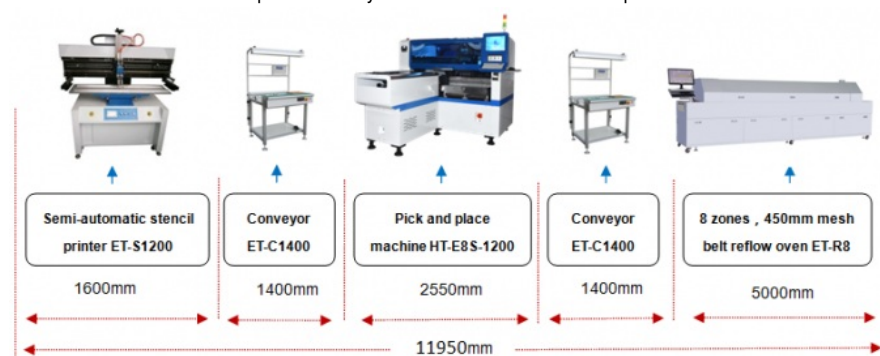

Vacuum loader/unloader: It is used for the terminal of SMT production line, retracts the multi-sided PCB board, receives the board output signal from the host computer, receives the PCB board one by one, and pushes the PCB into the material frame for storage.

Automatic printer machine: A device that leaks solder paste to the PCB board to prepare for the soldering of components.

Single conveyor: For connection between SMT production lines, it can also be used for PCB buffering, inspection, testing or electronic component insertion.

Pick and place machine: Accurately mount surface mount components to fixed locations on the PCB

Reflow zone: Melt the solder paste to firmly bond the surface mount components to the PCB

Company Profile

1. ETON has a **more than 10** years history in the SMT machine industry.
2. ETON is the **No. 1** brand of pick and place machines in China.
3. The fastest speed reaches **500000 CPH** and the precision reaches **0.021mm**.
4. Provide free software update **lifetime**
5. we can provide a **whole SMT production line**
6. Has an industrial park of **52000** square meters that can be controlled the **quality** from the source

FAQ

1: Are you a factory or trading company?

A: We are a professional manufacturer of mounter. And we have our own brand mounter production line.

2: Do you provide installation service?

A: We have engineer in India, Turkey, Egypt.

3: What is your delivery date?

The delivery date is about 20 days upon the full payment.

4: Does the price include nozzles and feeders?

A:We don't include nozzles and feeders,because each customer requires different nozzles and feeders.

5:Does your company only buy Mounter?

A;We also provide Send board machine ,pcb un-loader, convey, semi-automatic stencil printe and automatic stencil printe.
