## Factory supply directly 250k capacity SMT mounter electric feeder PCB assembly machine

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-F9
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

### Product Specification

- Name: Pick And Place Machine
- Model: HT-F9
- Brand: ETON
- Local Service: India, Egypt, Vietnam
- Office Area: 3000 Square Meter
- Industrial Park Area: 52000 Square Meter

## Product Description

### 250000CPH SMT mouter for LED Tube & Panel highspeed pick and place machine

#### Features of Machine

1. Apply to the 0.6m, 0.9m, 1.2m rigid PCB and 0.5m, 1m LED flexible strip. Producing with producing with 4 types materials at the same time with high capacity, available for board with any proportion of led chip and resistor.
2. Dual arm four module, 17 nozzles for each mounting part, part A/B/C/D can be mounted separately or synchronously.
3. Exclusive patent technology: Group to take and group to mount.
4. 5 cameras, 2 feeder debugging cameras, 2 nozzle debugging cameras, one Mark camera, high placement accuracy.
5. High-end magnetic levitation motor + servo motor, with strong stability and low noise.
6. Simple operation: Chinese graphic operation interface, easy to operate. Programming is concise.
7. Convenient maintenance: The design is simple and easy to maintain. The replacement parts cost is low, and the maintenance cost is low.
8. The software, circuit and hardware structure of the whole machine are all independently developed by our company, with independent intellectual property rights.

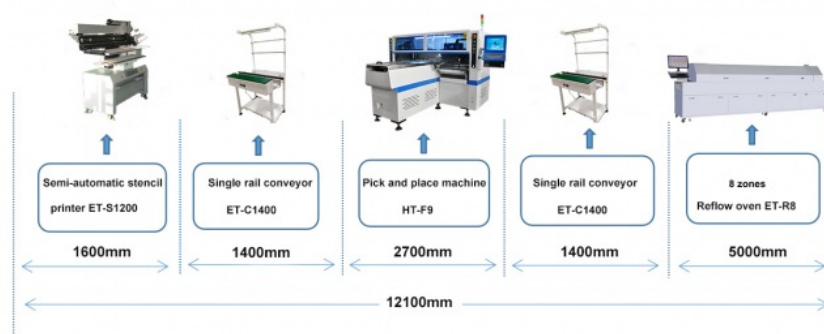

#### Parameter

No	Item	Data
1	Dimension	2700*2300*1550 mm
2	PCB Length Width	Max. 1200*330 mm
3	System	Windows 7
4	No. of camera	5 pcs
5	Mounting speed	200000-250000 cph
6	Mounting heads	68 pcs
7	Power	380 AC 50 HZ
8	Power consumption	6 KW

#### SMT Production Line

We have full range of pick and place machine production line equipment , So we have the professional suggestions for you to build the production line.

Below are the suggestion of basic steps for the pick and place progress and equipment :

#### Application:

1. Suitable for mounting many kinds of products, such as LED tube, panel, down-light, Solar lamps, wall lamps, ceiling lamps, street lamps, table lamps and linear lamps.
2. Can mount 0.6m, 0.9m, 1.2m hard light board, 0.5m, 1m soft light strip.
3. Components: LED 3014/3020/3528/5050 and resistor, capacitors, bridge rectifiers.

#### ◆ Corporate philosophy:

ETON mission: professionalism, excellent technology, sharing results.

ETON goal: to create a national brand and build an international Chinese enterprise.

EETON purpose: to create value for customers and create benefits for the society.

**ETON GROUP**

**ABOUT US**

Shenzhen ETON Automation Equipment Co., Ltd. was founded in 2011. ETON is the leading manufacturer of global optoelectronic highspeed pick and place machine, Full SMT line. the products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil etc.

Testing workroom

Exhibition

ETON industrail park

#### Our client:

As the leading brand of domestic high-speed placement machines, ETON has an absolute leading position in the market share of the LED industry. 80% of the large LED factories in the market are our customers. The products are exported to more than 20 countries and regions such as South Korea, India, Vietnam, Tunisia, Egypt, Turkey and so on.

#### Service

##### Maintenance period 1year.

We'll provide maintenance services for you in one years after you place the order. So you no worry about the quality issues while you using our machine. **Software and hardware lifetime maintenance**

Free service for you , we are on line 24 hours all the time , we would provide the best services for you if you need .

##### Visit customers regularly and gather information.

We would make a schedule plan to visit all our customers to see if there is any more we can do for you. best service for you all the time ,

##### Provide latest information about technology and equipment

The technology updated so fast, so we would share you the newest good information to you .

#### FAQ

##### Do you have any customers in India? How many machines are there in India?

Yes, we have many big clients in India, such as RK, SURYA, FIEM, CALCOM, POLYCRB, etc. We have sold over a hundred machines to India and we go to the exhibition every year.

##### Can I visit the production site of your machines in India?

I have to ask my clients. After all, this is our customer's factory, we can't make decisions for my clients. I think that you wouldn't want your competitors to visit your manufacturing site, please understand.

##### Does the price include the spare parts(feeder and nozzle)?

Different clients has different requirements on spare parts, it is not fair to the clients to add in equivalent price for spare parts. So we don't add the spare parts cost on price, and price is only for machine.

##### What is your machines quality?

We have our own industrial park. There are production centre and R&D centre and quality inspection centre to guarantee the machines quality.
