Industrial Robotic Pick-and-Place System for Metal Material

Our Product Introduction

more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,SIRE
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1
- Price: USD30000~70000
- Packaging Details: WOODEN CASE
- Delivery Time: 30 DAYS
- Payment Terms: T/T,LC
- Supply Ability: 50/PER MOUNTH

Product Specification

- Accuracy: High Accuracy
- Type: Automatic
- Power Source: Electric
- Control System: PLC
- Speed: High Speed
- Application: Industrial
- Weight: 200kg
- Warranty: 1 Year

Product Description

Product Description:

The Pick and Place Machine is an industrial-grade, automatic robotic pick-and-place solution designed for high accuracy and efficiency. It features a metal construction and is painted in a sleek silver color. This pick-and-place machine is powered by an advanced Programmable Logic Controller (PLC) to ensure reliable and precise operation. With its automated pick-and-place capabilities, it can quickly and accurately move items from one place to another, allowing for increased production speeds. This makes it an ideal solution for a variety of industrial applications.

Features:

Product Name: Pick-and-Place Machine, Pick-and-Place Robot, Automatic Pick-and-Place System

Accuracy: High Accuracy

Color: Silver

Weight: 200kg

Voltage: 220V

Technical Parameters:

Product Name	Pick And Place Machine
Accuracy	High Accuracy
Warranty	1 Year
Size	Customized
Weight	200kg
Application	Industrial
Color	Silver
Voltage	220V
Type	Automatic
Material	Metal
Keywords	Pick-and-Place Machine, Electronic Pick-and-Place, Robotic Pick-and-Place

Applications:

ETON HT-E8S-1200 Pick and Place Machine

Product Application & Scenario

The ETON HT-E8S-1200 Pick and Place Machine is a highly precise, high speed, automatic pick-and-place robot that can be used in a variety of applications. It is perfect for tasks that require accurate and rapid picking and placing of small components in electronics, pharmaceutical, and medical device production. It can be used for assembling circuit boards, medical devices, and drug products, as well as for packaging, labeling, and inspection tasks. The pick-and-place robot is also ideal for warehousing and logistics operations that require accurate and fast sorting, picking, and placing of items. The ETON HT-E8S-1200 has a high accuracy rate and is made of durable metal components. It runs with an adjustable speed and is available in a silver color. It is CE, CCC, and SIRE certified and comes with a minimum order quantity of 1. It is shipped in a wooden case and comes with a delivery time of 30 days. Payment terms are T/T or LC and the supply ability is 50 per month. The price range is USD 30000-70000.

Customization:

Customized Pick And Place Machine from ETON

Brand Name: ETON

Model Number: HT-E8S-1200

Place of Origin: CHINA

Certification: CE,CCC,SIRE

Minimum Order Quantity: 1

Price: USD30000~70000

Packaging Details: WOODEN CASE

Delivery Time: 30 DAYS

Payment Terms: T/T,LC
Supply Ability: 50/PER MOUNTH
Weight: 200kg
Power Source: Electric
Product Name: Pick And Place Machine
Color: Silver
Application: Industrial

Introducing the latest **Intelligent Pick-and-Place** technology from ETON. The HT-E8S-1200 Pick And Place Machine is an electronic pick-and-place robot designed for industrial use. It is certified with CE, CCC, and SIRE, and comes with a minimum order quantity of 1 unit. The unit is priced between USD30000~70000, and comes with a wooden case for packaging. The delivery time is 30 days, and payment terms are T/T or LC. With a weight of 200kg and a power source of electricity, this pick-and-place robot is sure to exceed your expectations.

Support and Services:

Technical Support & Service for Pick And Place Machine

Before Purchase:

Free technical consultation and quotation of Pick And Place Machine
Provide operation video and user manual of Pick And Place Machine
Provide the most suitable solution based on customer's requirements

After Purchase:

1 year warranty for Pick And Place Machine
Free technology training and guidance of Pick And Place Machine
Provide spare parts for Pick And Place Machine
Provide maintenance and repair services for Pick And Place Machine

FAQ:

Q&A about Pick and Place Machine

Q1: What is the Brand Name of Pick and Place Machine?
A1: The Brand Name is ETON.
Q2: What is the Model Number of Pick and Place Machine?
A2: The Model Number is HT-E8S-1200.
Q3: Where does Pick and Place Machine come from?
A3: The Pick and Place Machine is from CHINA.
Q4: What are the certifications of Pick and Place Machine?
A4: The certifications of Pick and Place Machine are CE, CCC, SIRE.
Q5: What is the Minimum Order Quantity of Pick and Place Machine?
A5: The Minimum Order Quantity of Pick and Place Machine is 1.
