

HT-E8S High Speed Pick And Place Machine With Magnetic Linear Motor

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC CE, ROHS
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Price: FOB USD 49000~59000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 work days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Pick And Place Machine
- Dimension: 2550*1650*1550mm
- Nozzles: 8PCS
- Feeders: 30 PCS
- System: Windows7
- Software: R&D Independently
- Warranty: 1 Year
- Usage: Special For The LED Strip, LED Tube Large Qty Production, LED, Circuit Board Assembly/SMD/LED Tube Large Qty Production
- Name: Low Cost Automatic Smd Led Mounting Machine For Industries, Pick And Place Machine, LED Mounter, LED Assembly Machine, SMT Pick And Place Machine, LED Chip Mounter, PCB Pick And Place Robot Machine SMD LED Mounting Machine
- Application: SMT Production Line LED Pick And

Product Description

Excellent service economic Automatic Vision smd led mounting machine automatic pick and place machine

High-speed **magnetic linear motor multi-functional** pick and place machine, single module, **12 head pasted on the 12 suction nozzles** discharge at the same time, the flying camera component identification, maximize placement rate, maximum patch speed 45000 CPH, has exclusive patent technology: electronic feeder feeding system, faster and more accurate, MARK correction, non-stop material re-loading system, save time cost and artificial cost. The maximum size of **PCB is 1200*350mm**

Application

Power driver, electric board, lens, linear bulb, household appliance etc.

Scope of application

Lamps and lanterns: fluorescent lamp, bulb lamp, ceiling light, panel light, cast light lamp, mining lamp, down light, etc

Lighting: soft light tube, hard tube, advertising module, etc

Pasting class: LED watch pasting

HT-E8S-1200 SMT machine

Single module linear motor multifunctional pick and place machine

Mounting components:

LED, capacitors, resistors, IC, shaped components, etc.

Application

Power driver, electric board, lens, linear bulb, household appliance etc.

Technical Parameter

HT-E8S pick and place machine		
PCB	PCB length width	Max:1200*300mm min:100*100mm
Vision system	No. of camera	2sets of imported camera Vision for the alignment identification, mark correction
	Mounting precision	0.02mm(repeat precision)
	Mounting height	<36mm
	Mounting speed	40000CPH
	Components space	0.2mm
	No. of feeders station	30PCS
	No. of nozzles	8PCS
	Power	380AC 50HZ
	Power consumption	4KW
	Air pressure	>5.0kg /cm ²
	Electrical control	Independent research and development by ETON
	Motion control card module 1set	Independent research and development by ETON
	X,Y,Z axis drive way	Servo motor control for X,Y,Z axis

Shipping way

By sea:The most economical and common way

By Air:If you need machinery in an emergency, air freight is also an option

By land or other way:The most suitable transportation method can be selected according to the needs of customers

Packing method:

- 1)Standard box package for light and small item;
- 2)Strong wood package for heavy and large equipment;

Packing Details :Plywood case, for export!

Port:Shenzhen

Delivery Details : 25-30days

After the completion of the machine, the fuselage shall be protected and wrapped with plastic film to avoid damage caused by collision of goods during export transportation.

We will measure the size of the machine customized by the customer, then customize a wooden box, so that the machine and the size of the wooden box are just right.

After the customization of wooden boxes, we use wooden boxes for export, wooden boxes are strong, suitable for export machinery and other heavy objects, to protect them

Our products from the production to packaging to transportation, have strict quality control, use high-quality materials, make the best products, so that every customer satisfaction.
