

500 mm PCB Translational Conveyor Free Lifetime Software And Hardware Maintenance

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: 500 mm translational conveyor
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Name: Translational Conveyor
- Application: SMT Production Line
- Condition: New, 100% Original, Brand-new
- Type: SMT Machine Related Products
- Usage: Circuit Board Assembly, SMT Mounting Machine, SMD, LED
- Highlight: **500 Mm PCB Translational Conveyor, Free Maintenance PCB Conveyor, SMT production line Translational Conveyor**

Product Description

Surface mount technology equipment

Features:

It is suitable for SMT production line to realize parallel load transfer between two positions for confluence or diversion.

- (1) The frame is made of thickened sheet metal.
- (2) Guide rail is made of special aluminum.
- (3) The shifting action is driven by a stepper motor.
- (4) The track is driven by a stepper motor.
- (5) Panasonic PLC programmable controller control.
- (6) Touch screen operation (display control).
- (7) Single/double shift trolley is optional.
- (8) Single/double track operation structure is available.
- (9) Compatible with SMEMA interface.
- (10) Smooth design buffer deceleration.
- (11) A variety of length shifts are available.

Model	500 mm translational conveyor
Dimension	L686xW1500xH1200mm
Rail Width	50-390mm
Process lane	Single
Trolley amount	1
Cycle time	Approx 10 sec
Process height	900±20mm
Flow direction	L→R or R→L
Board thickness	Min 0.6mm
Weight	140kg
Power requirement	220Vac 50/60Hz ,1ph

Service

Maintenance period 1 year

One year warranty during warranty any parts that need to be repaired and replaced will be free.

Software and hardware lifetime maintenance

Free upgrade software, the software is Reach and developed by ETON, so we support whole lifetime free upgrade updates.

Visit customers regularly and gather information

Visit clients regularly. We attend the different exhibitions in different cities every year, at the same time, we will visit local clients and support our service and collect feedback on customer suggestions in time.

Provide the latest information about technology and equipment

We give professional technology suggestions to our clients. And share the updated news with our clients

On-site service

We have some official site in India as Mumbai and New Delhi, also have site in Egypt, Turkey that can provide service timely with our engineers.

According to your needs, dedicated senior engineer will come to your factory for free install and training you how to operate the machine.

Certificates

As an experienced manufacturer in SMT machine, we obtained a number of intellectual property technologies, including 9 invention patents, 112 practical patents, 12 software copyrights, with our won R&D department for production and inspection. And also earned the oversea certificates as CE, CCC, SIRA, etc.

FAQ

Q. Is the machine easy to operate?

A. Yes, our machine is very intelligent and easy to operate, like the intelligent phone, also the software is made by our company, so we know how to make it more intelligent and operate friendly.

Q. How many products can your machine make per day?

A. The capacity of our machine is according to the real products, and the number of components on your PCB board that is important factor to figure out the actual speed of our machine with your products.

Q. How long is the machine maintenance period, whether it is free?

A. The maintenance period of our machine is 1 year and its free for our clients, after the maintenance period we will arrange our engineers to check and test the machine one or two times a year freely.

Q. Can I go and see if you have sold the equipment to India?

A. Yes, we have sold our machine in India, but for the fact we can't decide it for my customer, but I will try to contact my customer. Hope you can understand, because no one wants their competitors to visit their manufacturing site.
