LED Strip Light Roll SMT Mounting Machine Intelligent Electric Feeder for Industrial Applications

Our Product Introduction

more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: ETON
- Certification: CE, SIRA, CCC, ISO
- Model Number: HT-E6T-600
- Minimum Order Quantity: 1 UNIT
- Price: USD10000~43000USD per Unit
- Packaging Details: Standard export wooden case package (Can do as customers' requirement)
- Delivery Time: Within 15 days after receive the downpayment
- Payment Terms: T/T, L/C, Western Union, MoneyGram, D/P
- Supply Ability: 30 UNIT per month

Product Specification

- Features: Intelligent Electric Feeder
- High Precision Flexible Strip Application: Support 0201~15*15mm Packaging Material
- Production Base: Ruichang City, Jiujiang City, Jiangxi Province
- Product Name: High Speed Roll To Roll Led Flexible Strip Light Pick And Place Machine
- Market Recognition And Full Automatic YT20L SMT Line Solution Honor:
- Company Name: Shenzhen ETON Automation Equipment Co., Ltd.
- Number Of Employees: Over 500 Staff
- Brand: ETON
- Highlight: Industrial Applications SMT Mounting Machine, Intelligent Electric Feeder SMT Mounting Machine

Product Description

Product Description:

The SMT Mounting Machine by ETON is a cutting-edge PCB Surface Mount Placement System that revolutionizes electronic board assembly. With its innovative Double Track Arms feature, this Electronic Board Pick and Place Machine sets itself apart by allowing users to mount two different products simultaneously, boosting efficiency and productivity in the manufacturing process.

ETON, a reputable brand in the electronics industry, stands out with a dedicated team of over 500 staff members committed to delivering high-quality solutions for electronic manufacturing. Since its establishment in 2011, ETON has been at the forefront of technological advancements, continuously enhancing its products to meet the evolving needs of the market.

When it comes to after-sales service, the SMT Mounting Machine does not disappoint. Customers can enjoy peace of mind with a comprehensive one-year warranty and lifetime service support, ensuring that their investment is protected and well-maintained for years to come.

Experience the ultimate in precision and speed with the SMT Mounting Machine, your go-to SMT PCB Mounting Station for seamless electronic board assembly. Trust ETON's expertise and commitment to excellence to take your manufacturing process to the next level.

Features:

Product Name: SMT Mounting Machine

Number of Employees: Over 500 staff

Features: Intelligent Electric Feeder

X, Y, Z Axis Motors: Independently developed high-end magnetic levitation motor

Company Name: Shenzhen ETON Automation Equipment Co., Ltd.

After-sales Service: One year warranty and lifetime service

Technical Parameters:

Production Base	Ruichang City, Jiujiang City, Jiangxi Province
Double Track Arms	Mount two different products at the same time
Headquarters	Shenzhen
Brand	ETON
Established Year	2011
Features	Intelligent Electric Feeder
High Precision Flexible Strip Application	Support 0201~15*15mm packaging material
Market Recognition and Honor	Full automatic YT20L SMT line solution
Product Name	High speed roll to roll led flexible strip light pick and place machine
After-sales Service	One year warranty and lifetime service

Applications:

The ETON SMT Mounting Machine with the model number HT-E6T-600 is a versatile and high-performance equipment designed for various Product Application Occasions and Scenarios. This SMD Assembly Machine is ideal for the efficient assembly of LED strip light rolls and other Surface Mount Device Placement System applications.

With certifications including CE, SIRA, CCC, and ISO, you can trust the quality and reliability of this machine. Originating from Shenzhen, China, this product showcases the best of Chinese manufacturing excellence.

The ETON HT-E6T-600 offers a Minimum Order Quantity of 1 UNIT and is priced competitively between USD10000 to 43000 per unit.

Payment Terms are flexible, including T/T, L/C, Western Union, MoneyGram, and D/P. With a Supply Ability of 30 UNITS per month, customers can rely on timely delivery within 15 days after the downpayment is received.

Its Y-axis Structure features a Double drive gantry design, ensuring stability and accuracy in operations. The Double Track Arms enable simultaneous mounting of two different products, enhancing productivity and efficiency.

The product, known as the High-Speed Roll to Roll LED Flexible Strip Light Pick and Place Machine, is a top choice for businesses looking to streamline their manufacturing processes. Employing over 500 staff, ETON's production base in Ruichang City, Jiujiang City, Jiangxi Province is equipped to meet the demands of the industry.

For packaging, the machine comes in a standard export wooden case package, customizable based on customers' requirements.

Whether you are a small business or a large-scale manufacturer, the ETON SMT Mounting Machine is a valuable asset for your production line.

Support and Services:

Our SMT Mounting Machine comes with comprehensive Product Technical Support and Services to ensure smooth operation and maximum efficiency. Our team of experts is available to provide assistance with machine setup, troubleshooting, and maintenance. Additionally, we offer training programs to help your staff optimize the performance of the machine and minimize downtime. Our goal is to ensure that you get the most out of your investment in our SMT Mounting Machine.

Packing and Shipping:

Product Packaging:

The SMT Mounting Machine is carefully packaged in a sturdy cardboard box to ensure safe transportation. The machine is secured in place with foam padding to prevent any damage during shipping.

Shipping:

We offer worldwide shipping for the SMT Mounting Machine. The product will be shipped within 1-3 business days after the order is placed. Customers will receive a tracking number to monitor the delivery status of their package.

FAQ:

Q: What is the brand name of this SMT Mounting Machine?

A: The brand name is ETON.

Q: What is the model number of this SMT Mounting Machine?

A: The model number is HT-E6T-600.

Q: Where is this SMT Mounting Machine manufactured?

A: The machine is manufactured in Shenzhen, China.

Q: What certifications does this SMT Mounting Machine have?

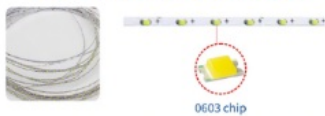

A: The machine is certified with CE, SIRA, CCC, and ISO.

Q: What are the available payment terms for purchasing this SMT Mounting Machine?

A: The available payment terms are T/T, L/C, Western Union, MoneyGram, and D/P.
