

Full Automatic SMT Pcb Line LED Smd Board Machine SMT Machine

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE , ISO , CCC
- Model Number: ET-L460
- Minimum Order Quantity: 1 unit
- Price: USD 400-2000
- Packaging Details: Vacuum wooden packing
- Delivery Time: 15-30 days
- Payment Terms: T/T
- Supply Ability: 50 Unit per month

Product Specification

- Condition: New
- Structure: Pneumatic Clamp Structure
- Dimension: L1600*W1120*H1200mm
- Highlight: **smt pick and place equipment, high speed led mounting machine**

ET -L460 send board machine

The SMT board machine is a kind of production equipment used in the SMT production and processing of electronic products. Its main function is to put the unmounted PCB board on the SMT board machine and send it to the suction machine, then the suction board. The machine automatically places the PCB on the track of the solder paste printer and uploads it to the solder paste printer for brush solder paste operation.

Features:

- Controller Mitsubishi PLC programmable controller
- Function Automatically send board
- Operation control panel Display control true color touch screen
- Pneumatic Components Push plate cylinder position, adjusted by screw

Technical Parameter:	
Item	HLD-460 send board machine
Dimension	L1600*W1120*H1200mm
Frame	Special aluminum profile guide rail and special thousand bird type plastic chain
Lift	120W Taiwan brake motor drive uses ball screw to make Magazine stepping up and down
Structure	Pneumatic clamp structure
0.6M long push plate Conveyor	1 set
Turnover box specifications	(L)535*(W)530*(H)565mm
Maximum size of PCB	(L)525*(W)460mm
Direction	Right to left / left to right
Lift platform pitch selection	10,20,30,40
Transmission height	H=920±30
Controller	Mitsubishi PLC programmable controller
Function	Automatically send board
Operation control panel	Display control true color touch screen

Pneumatic Components	Push plate cylinder position, adjusted by screw
----------------------	---

Our Services

1. offer detail manual user .
2. customer to our factory study and training .
3. offer overseas service : can send engineers
4. to customer factory for install

Our Company

ETON

Every day, people all over the globe develop new ideas – ideas that can improve our lives and our world. Helping to turn these ideas into real products is what we do and what drives us. To accomplish this, we are constantly advancing the limits of feasibility and efficiency by developing innovative solutions for the complete electronics production chain and the SMT placement process . ETON is dedicated to making quality products that help our clients operate more efficiently and effectively. ETON is guided by the principles of fairness to our suppliers, associates, clients and employees, and helping them achieve to the best of their potential.

Core Competencies

Over the years, we have developed core competencies that warrant us to be the global leader in the industry: Customization , Short lead time , Flexibility , Customer Satisfaction , Premium Quality Products , Value For Money , International Distribution Network , Extensive Service Support

Corporate Objectives

To maintain customer satisfaction through timely delivery of reliable products and services To maintain an efficient and quality driven work environment with an emphasis on constant Research and Development to provide technologically superior products To attract and retain quality personnel through an equitable reward system, constant training and upgrading of skills as well as career enhancement opportunities

Successful Experien

- 1) Eton's customer in 25 countries around the world Training more than
- 2) 300 experts and technician for customers.
- 3) Became the most reliable Chinese partner for you.

Packing Method

Vacuum wooden package

Shipping Way

By air;
By sea, for large package and quantity;
Other ways as customer requested.

Delivery Time

15~30 Days

Shenzhen Eton Automation Equipment Co., Ltd.
