

Automatic Pick And Place Machine Line Pcb Magazine Unloader 220V 50HZ Power Supply

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC
- Model Number: ET-UL460
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden case
- Delivery Time: 4 weeks after payment
- Payment Terms: L/C, T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Unloader
- Model: ET-UL460
- Warranty: One Year
- Max Pcb Size: (L)525*(W)460mm
- Electric Control Box: 1 Set
- Power Supply: 220V 50HZ
- Highlight: **high speed led mounting machine,
smt assembly machine**

Product Description

ET-UL460 unloader machine

SMT machine

In the smt production line, there are different machines for different functions. Such as Pick and place machine, reflow oven, stencil printer, loader, unloader, conveyor, and so on.

ET-UL460 is the basic machine

ET-UL460 is the unloader machine of the basic function in smt production line, it is automatically, unloader the pcb totall by machine.

Advantage

1. The equipment covers a small area, length 0.535M* width 0.53M* height 5.65M, saving space use costs.
2. Push the PCB board system device, using a custom-loaded motor with a thrust area of 0.03 square, which is balanced in one plane thrust and one-tenth of a thrust rate. Ensure that the board is never stuck and the PCB is damaged.
3. The upper and lower clamp frame devices adopt a three-dimensional clamp frame system to ensure that the frame is not damaged, and the straight-axis lifting system is positioned accurately. The frame-out position and the lower-position machine ensure that the plate is never blocked.

Good performance

- 1.ET-UL460 can storage 50 pcs boards, minimize manpower and working time.
- 2.ET-UL460 Mitsubishi PLC programmable controller.

PCB size

The Maximum size of PCB is (L)525*(W)460mm and the no. of Full load storage board is 50 pcs

Parameter:

Lift	90W Taiwan brake motor drive uses ball screw to make Magazine stepping up and down
Structure	Pneumatic clamp structure
0.6M long push plate Conveyor	1 set
Turnover box specifications	(L)535*(W)530*(H)565mm
Lift platform pitch selection	10,20,30,40
Operation control panel	Display control true color touch screen
power supply	220V 50HZ
Gas source	0.4-0.6MPa
Electric control box	1 set

About us

We are a technology company in the fast-growing smt industry and a manufacturer specializing in LED placement machines. We are the leader in the electronics industry that is highly regarded by the government and industry. We have our own core technology and patent certificate. We have imported more than 20 countries, got large maket share.
