

Street Lighting 80000cph HT-E8D SMT Mounting Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC
- Model Number: HT-E8D
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden case
- Delivery Time: 4 weeks after payment
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 50 sets per month

Product Specification

- Max Pcb: 1200*300 Mm
- Capacity: 80000 Cph
- Name: Pick And Place Machine
- Apply To: Smt Production Line
- No.of Feeder Station: 48 Pcs
- No.of Nozzels: 24 Pcs
- PCB: Max:1200*300mm Min:100*100mm
- Software: Touch Screen Monitor
- Highlight: **80000cph SMT Mounting Machine,
Street Lighting SMT Mounting Machine**

Product Description

Factory prize Electronic products machinery SMT pick and place machine

Technology leads the future!!!

New technological breakthroughs to increase your productivity.

ETON new types of HT-E8D

Wide application:

capacitors, resistors, lenses, lamp beads, IC, heterosexual components, etc.(min size:0402)

Technical parameter:

Birth place	China
Model	HT-E8D
Mounting precision	+/-0.04 mm
Mounting height	≤25 mm
Mounting speed	80000 CPH
No.of feeder station	48 pcs
No.of nozzles	24 pcs
Feeding way	Electric feeder with double motor
Software	Touch screen monitor
PCB thickness	0.5—5mm
Mounting mode	Group picking and separate placing Separate picking and separate placing
PCB	Max:1200*300mm Min:100*100mm

Product details:

1. Dual modules, two heads are mounted at the same time, faster
2. 4 sets of imported cameras, automatically identify whether there are deviations in the components, and then automatically adjust
3. The width of the motor can be adjusted to carry PCB boards of different sizes

What is the position in the SMT line ?

From the below picture, we can see that , the pick and place machine is in the middle of the line.
The important position it occupied is also the most critical part. Without it, the entire production line has no meaning.
So, it is vital to choose a good pick and place machine.

Sincere Service:

1. Serve you wholeheartedly 24 hours a day.
2. You can visit the factory to understand the machine intuitively
3. There are offices in India, Turkey and other countries, which can provide door-to-door service.
4. Have a professional R&D team, professional technicians to answer any questions for you.
5. You can customize a suitable machine, no matter what the product is.
6. One-stop service, from pre-sales to after-sales installation, there are dedicated personnel to follow up.

Who am I?

I am your dear friend. ETON

(**Shenzhen ETON automation equipment CO.,LTD.**)

We are committed to the R & D, production, sales and after-sales technical services of SMT high-speed patch.

We are 13 years old this year , still younger, but we have won many prizes: the 4th China · LED Pioneer Award, National High-tech Enterprise, Industry Special Contribution Award...

We are still committed to R & D and innovation to continuously improve the speed and quality of the placement machine.

We are very happy to have many friends from all directions, we are also willing to make progress together with friends from all over the world.
