

Led Assembly 4kw 45000CPH DOB PCB Pick And Place Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, IEC, ISO
- Model Number: HT-E8D
- Minimum Order Quantity: 1 unit
- Price: 48,000 -60,000 USD
- Packaging Details: vacuum wooden package
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 units per month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Application: SMT Mounting Shooter Machine, SMT Production Line
- Condition: 100% Original
- Mounting Speed: 45000 CPH
- Feeders: 36
- Pcb Thickness: 0.5-5 Mm
- Highlight: 4kw PCB Pick And Place Machine,
45000CPH PCB Pick And Place Machine

Product Description

the newest led assembly machine dob PCB pick and place machine

Quick details:

Brand name: ETON

Model: ET-E8S

Dimension: 2550*1650*1550 mm

Total weight : 1700 kg

High precision : $\pm 0.02\text{mm}$

Mounting speed: 40000CPH

Power consumption: 4kw

Quality certificate: CCC,CE,SIRA...

Components: LED, capacitor, resistor, IC, DOB ,shaped components, etc.

Product instructions:

Multifunctional placement machine

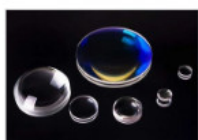

It is used to realize the mounting of PCB components such as internal control boards and drivers of electronic products. It is currently the most popular technology for electronic assembly.

The new placement machine will continue to be updated and reformed. We strive to build a placement machine with lower cost and higher production capacity

Application field:

LED bulbs, televisions, computers, mobile phones, household appliances and other electronic products will be used.

components&application

Mounting components:

LED, capacitors, resistors, IC, shaped components, etc.

Application: Power driver, electric board, lens, linear bulb, household appliance etc.

How to choose suitable Feeder?

8mm: 3014, 4014, 3528 and other lamp beads

12mm: 5050, 5630, 5730, 3030, 7020, etc. lamp beads, resistors, capacitors, etc.

16mm: IC, heterosexual components, etc.

24mm: Larger special-shaped components, etc.

Our Advantage:

1. There is an adjustable track at the PCB entrance, which can clamp the board from 100*100--350*1200mm well
2. Fully automatic operation, saving manpower
3. The smallest mounting component: 0402

Project case:

After sales service:

24 hour online service!

Maintenance period :1 year

In India and other state-owned offices, technical services can be provided on-site

Provide latest information about technology and equipment.

Who are we?

We are your dear friend. **ETON**

We are a national high-tech enterprise and a dual-software enterprise dedicated to the research and development, production, sales and after-sales technical services of SMT high-speed placement machines.

We are determined to provide customers with "professional, efficient, low-consumption" SMT automatic placement machine.

Honored clients:

We look forward to establishing a long-term cooperative relationship with you and creating a win-win situation.
