

Servo Motor 200000CPH 6KW SMT Mounting Machine For Led Chips

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Model Number: HT-T9
- Minimum Order Quantity: 1 set
- Price: EXW USD 95000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: SMT Mounting Machine
- Feeders: 64 PCS
- Nozzles: 64 PCS
- Components: LED 3014/3020/3528/5050 Resistor
Capacitors
- Display: Touch Screen Monitor
- Power: 380V
- Camera: 5 PCS
- Position: Optical
- Highlight: **200000CPH SMT Mounting Machine,**
6KW SMT Mounting Machine,
Led Chips Smt Mounter Machine

Product Description

Mark correction servo motor SMT Mounitng machine for led chips

HT-T9		
PCB	PCB length width	250mm*any length
	PCB thickness	0.5~1.5mm
	PCB clamping	Adjustable pressure pneumatic
	Mounting mode	Group to take and group to mount
O.S.	system	Windows 7
	software	R&D independently
	display	LED monitor
	Input device	Keyboard , mouse
Vision system	No.of camera	5 sets of imported camera Vision alignment,mark correction
	Mounting precision	0.02mm(repeat precision)
	Mounting height	<5mm
	Mounting speed	200000CPH
	Components	LED 3014/3020/3528/5050 and resistors,capacitors ,bridge rectifiers.
	Components space	0.5mm
	No.of feeders station	68PCS
	No.of nozzles	68PCS
	Power	380AC 50HZ
	Power consumption	6KW
	Conveyor transmission	Belt drive
	Transmission speed	>500mm/sec
	Transmission direction	Single (left to right or right or left)
	Transmission mode	Auto online drive
	Position mode	Optical
	Air pressure	>5.0kg /cm ²
	Electrical control	Independent research and development by ETON
	Motion control card module 1set	Independent research and development by ETON
	X,Y,X axis drive way	Servo motor + High-end magnetic linear
	Feeding way	Electric feeder with double motor

Features

T9 SMT mounting machine Producing with 4 types of materials with high capacity,available for 5m,50m or any length of flexible strip and roll to roll.

T9 pick and place machine with Dual arm four module,17 nozzles for each mounting part ,part A or part B can be mounted separatly or synchronously.

T9 pick and palce machine:Calibration automatically,high precision,available for RGB.

Exclusive patent technology :group to pick and group to mount.

What is SMT production process?

(1)Solder Paste Printing

After the solder paste is refluxed and stirred, a small amount of solder paste is placed on the stencil printer. Operate the stencil printer to print the solder paste onto the PCB.

(2)Mounting part

The PCB board that has been brushed with solder paste will be sent to the pick and place machine for automatic mounting, and the pick and place machine will automatically take components and paste it.

(3)reflow soldering

The PCB board be mounted with components is sent to reflow oven, and the reflow oven will be fixed automatically to get PCBA.

(4)Testing

Check whether the PCBA is misaligned or leaking.

Packaging & Delivery

Our mode of transportation including water, land and air transportation. You can choose the most suitable way according to your requirements.

Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.

Packing method:

- 1) Standard box package for light and small item;
- 2) Strong wood package for heavy and large equipment;

Packing Details : Plywood case, for export!

Port: Shenzhen

Delivery Details : 25-30 days

Logistics and delivery

Our mode of transportation including water, land and air transportation. You can choose the most suitable way according to your requirements.

Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.

FAQ

1. What kind of driving mode does the XYZ axis adopt?

X axis is magnetic linear motor, Y axis and Z axis is servo motor, very good performance and high accuracy.

2. What type of transportation can be used?

Our modes of transportation are flexible, and we can choose both sea, land and air transportation.

3. Is your software interface in English?

English interface and Chinese interface are both available.

4. What's the terms of payment? What about the trade term?

T/T is OK. You can choose FOB Shenzhen.

5. How is your service?

If you buy our machine, we will send our engineer to your factory to install machine and training freely.
