

80000 Cph LED Bulb SMT Pick And Place Machine For Dob Panel Light

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC CE SIRA
- Model Number: HT-E5D
- Minimum Order Quantity: 1
- Packaging Details: wooden case
- Delivery Time: 30 days after pay
- Payment Terms: L/C, T/T
- Supply Ability: 50 set/month

Product Specification

- Name: Led Bulb Making Machine
- Module: HT-E5D
- Speed: 80000 Cph
- Mounting: Led, Resistor, Capacitor, ic, Shaped Components.
- Driver: Magnetic Linear Motor
- Power: 380AC 50HZ
- Warranty: One Year
- Install: Free
- Highlight: **LED Bulb SMT Pick And Place Machine ,
80000 Cph SMT Pick And Place Machine ,
Dob Panel Light Smt Assembly Machine**

Product Description

LED Bulb SMT pick and place machine----HT-E5D

Product Features

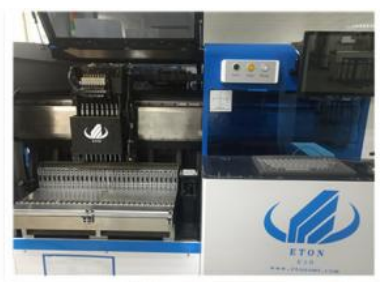

ETON LED Pick and place machine adopts magnetic linear motor for machine stable and accuracy.
HT-E5D with double system, dual module mounting parts, the mounting speed can be reach 80000 CPH.
Easy operating program, much more convenient, automatic vision makes position fixing more accurate and convenient.
Multi Feeder option, meet different kinds of LED chips and components.

Machine Parameter

HT-E5D Technical Parameter	
Length*Width*Height	1650mm*2000mm *1550mm
PCB Length Width	Max:500*300mm Min:100*100mm
Mounting Mode	Group picking and separate placingseparate picking and separate placing
Position Camera	Vision for the flight identification + MARK correction
Mounting repeat Precision	±0.02mm
Mounting Height	<36mm(component max height 20mm)
Mounting Speed	80000 CPH(optimum)
Components	LED chip, capacitors, resistors, IC, RGB, shaped components etc.
Motion control card module 2 sets	Independent research and development by ETON
X,Y,Z Axes Driving	Magnetic linear motor + servo motor
No. of feeders	60PCS
No. of nozzles	16 nozzles
Feeder type	Electronic feeder with double motor

Finished products show

LED SMT Pick and place machine apply to much industry. Module HT-E5D is very multifunctional, suitable for all kinds of led lightings and electrical board. Such as LED Panel, Lens, Display, Down Light, Street light, Solar lighting, LED modules, ceiling light, car light, etc.

Finished Product Show

Package

Standard is plastic film wrap the LED SMT machine, then load into wooden container; Wooden box packing can be customized.

Delivery

Around 30 days after 30% T/T prepayment, buyer should come to inspect when we do test running, after testing, pay the 70% balance before delivery.

Service

- 1) Professional sales manager of LED SMT machine, provide professional suggestion and service to you !
- 2) 24 hours online service and technical support, solve your questions quickly!
- 3) Sound company organisation and working system, guarantee you a fast delivery!
- 4) Supply you all the SMT processing related machines and devices with best prices!

Company show

- 1) This is the first time I use this kind of machine, is it easy to operate?

A: There is an English manual or guide video that shows you how to use the machine.

If you still have any question, please contact us by e-mail / skype/ phone /trade manager online service.

2) If machine have any problem after I receive it, how can I do ?

A: Free parts send to you in machine warranty period.

If the part is less than 0.5KG, we pay the postage.

If it exceeds 0.5KG, you need to pay the postage.

3) MOQ ?

A: 1 set machine, mini order is also welcomed.

4) How can I buy this machine from you? (Very easy and flexible !)

A. Consult us about this product on line or by e-mail.

B. Negotiate and confirm the final price , shipping , payment methods and other terms.

C. Send you the proforma invoice and confirm your order.

D. Make the payment according to the method put on proforma invoice.

E. We prepare for your order in terms of the proforma invoice after confirming your full payment.
