

Smt Line CCC 45000cph Led Lens Lighting Mounter 15mm height

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC
- Model Number: HT-E8S
- Minimum Order Quantity: 1
- Packaging Details: Wooden case
- Supply Ability: 50 PCS PER MONTH

Product Specification

- Name: Pick And Place Machine
- Module: HT-E8S
- Warranty: 1 Year
- Total Weight: 1700 Kg
- Max Pcb Size: 1200*500mm
- Mounting Speed: 45000 Cph
- Highlight: 45000cph Led Lens Lighting Mounter, CCC Led Lens Lighting Mounter, 15mm Height SMT Mounter Machine

Product Description

Led lens lighting pick and place machine

Glue selection for lens lights:

Lens and circuit board UV glue bonding, UV glue bonding lens, UV light curing speed is fast, single-component operation is convenient, can be bonded to various substrates with very different structures of lenses, bending resistance, excellent thrust, moisture and heat resistance Good, can be used for bonding inner and outer triangular lenses.

Lens bonding circuit board thermal curing epoxy glue, one-component low-temperature fast curing modified epoxy resin glue, used for LED light bar lens bonding PC lens/glass lens/PMMA lens and other substrate bonding, the glue film is bright, excellent The flexibility, bending resistance, drop resistance and great thrust. Curing conditions are 80 degrees for 5-10 minutes.

Led lens mounting machine

LED Lens is high quality for led lighting and also hot in led lighting market. But for led lens lighting, there usually have two steps for smt line. One is for mounting led chip, other is for mounting led lens.

Why it is different? There is two temperature for led chip and lens. For led chip, using solder paste, it required high temperature, for lens, it required glue, the temperature is low.

ETON HT-E8S-1200 suitable for mounting led , lens, IC ,resistor, capacitor, IC, shaped components, etc.

Here is the technical parameter of E8S:

Dimension: 2550*1650*1550 mm, total 1700kg

Max PCB Length and width:1200*500 mm

PCB Clamping: Adjustable pressure pneumatic

Software: Reach and development by ETON

Mounting height: no more than 15mm

No. of Camera: 2 sets

Mounting speed 45000 cph

Nozzles number: 12 pcs

Machine for all products

 LED Display	 Downlight	 Flexible Strip
 DOB Bulb	 LED Bulb	 Street Light
 LED Lens	 Driver	 Panel
	 Tube	 Solar lamp
