

1200*500mm PCB 90000CPH Glue Spray Machine Adhesive Dispenser

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: eton
- Certification: CE,CCC
- Model Number: HT-D12
- Minimum Order Quantity: 1
- Price: usd250000/set
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets/month

Product Specification

- Dimension: 1800mm*1050mm*1800mm
- Total Weight: 800KG
- Max PCB Size: 1200*500mm
- Dispensing Speed: 90000CPH
- Power: AC 220V 50HZ
- Highlight: 1200*500mm PCB Glue Spray Machine,
90000CPH Glue Spray Machine,
1.5kw Panel Light Lens Machine

Product Description

Automatic high precision adhesive dispenser glue spray machine panel light lens

Features

1. Simple operation and convenient debugging
 2. Humanized, graphic design, easy to operate, effectively improve the efficiency and reduce the cost of training.
 3. Intelligent dispensing head ensure good performance ,high efficiency and lower glue wasting .
 - 3.Full time monitoring of glue volume,autoprompting low glue volume .
 - 4.Dispensing head constant temperature function,ensure the glue in liquid.
 - 5.Control the dispensing value in milliseconds,ensure the conformity of glue volume.
 - 6.Online visual programming,load CAD easily more convinient.
 7. The product is stable
 8. Professional hardware design and software system, strict pre-factory aging and testing, to ensure that the product in the harsh environment, still can maintain its consistent stability.
 - 9.CCD positioning system,visual positioning compensation automatically,correct the deviation of PCB.Large size track,suitable for different size of PCB.
 10. Excellent motion control performance
- The motion planning algorithm with speed foresight is adopted to ensure the high precision and the stability of motion.
- 11.Contactless high speed injection dispensing head,dispensing glue continously with high efficiency.
 12. Free switch between Chinese and English
- The operating system supports both Chinese and English, English interface option,easy to operate,and the system is updated free of charge for life.
13. Automatic program standby,start up production rapidly,intelligent manufacturing .
 14. High performance linear servo motor drive for X,Y,Z axes,ensure high accuracy in high speed.
- Universal signal connecting,connect equipment online easily.Large capacity SSD industrial control system ,high speed access ensures system response speed.

Model	HT-D12
Dimension	
Length	1800mm
Width	1050mm
Height	1800mm
Total Weight	800kg
PCB	
Max PCB size	1200*500mm
PCB Clamping	Adjustable pressure pneumatic
Dispensing mode	Pneumatic injection value
O.S.	
System	Windows7
Software	R&D independently
Display	LED monitor
Input Device	Keyboard, Mouse
Vision System	
No. of Camera	1 set industrial camera
Dispensing accuracy	0.1mm
Heating temperature	200
Dispensing height	<15mm
Dispensing speed	90000CPH
Power	AC 220V 50HZ
Power Consumption	1.5kw
Operating Environment	23 ±3
Drive way	Driving by magnetic Linear servo motor
Max running Speed	1200mm/sec
Transmission Direction	Single(left→ right or right→ left)
Transmission Mode	Auto Online drive
Gas consumption	>0.4-0.6mpa(4-6kgf/cm ²)150N/min
Electrical control	Independent research and development by ETON
Motion control card module 1 set	Independent research and development by ETON

Applications

Apply to various kinds (round,linear,lattice etc.) of products.

Remarks:

1.Payment terms: Deposit 30% in advance,the balance 70% should be paid before shipment by T/T.

2.Delivery time: 30 days after deposit.

3.Warranty: 1 year.(including spare parts)

After sales service

Maintenance period: 1 year.

Visit customers regularly and gather information.

Provide latent information about technology and equipment.

FAQ

1. Why choose us?

We are the largest SMT machine manufacturer in China, with an independent industrial park, we can provide you with a complete set of production line solutions.

2. Should I worry about the quality?

Before delivery, we do test the machine working condition for you.

Take a video of the normal operation of the machine to you, and then confirm the delivery

3. How to operate the equipment?

My friend, don't worry about it, we have engineers on-line guidance, if it still can't be solved, our engineers will come to your factory to provide maintenance services for you.

4.When the machine can't work well,What should I do?

Engineers are online 24 hours a day, they can check the problem, and then quickly provide you with a solution. If the problem still cannot be solved, an engineer will come to your factory to repair it.
