

## LED Lens 1.2m PCB Glue Dispenser Machine 1.5KW Magnetic linear

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: HT-D12
- Minimum Order Quantity: 1 set
- Packaging Details: Packaging according to customer needs
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

### Product Specification

- Size: 1800mm\*1050mm\*1550mm
- Weight: 800kg
- Max PCB Size: 1200\*500 Mm
- Dispensing Accuracy: 0.1mm
- Running Accuracy: 0.001
- Power: 1.5KW
- Highlight: LED Lens Glue Dispenser Machine,  
1.2m PCB Glue Dispenser Machine,  
1.5KW LED Lens Mounting Machine

## Product Description

### High accuracy low cost LED lens 1.2m PCB glue dispenser machine

#### Technical parameter

HT-D12 glue dispenser machine		
Dimension	Length* Width* Height	1800mm*1050mm*1550mm
	Total weight	800kg
PCB	Max PCB Size	1200*500 mm
	Dispensing mode	Pneumatic injection valve
	PCB Clamping	Adjustable pressure pneumatic
Vision System	No. of camera	1 set of industrial camera
	Dispensing accuracy	0.1mm
	Dispensing speed	90000CPH
	Heating temperature	200
	Running accuracy	0.001
	Power	220 AC 50Hz
	Power consumption	1.5KW
	Drive way	Magnetic linear motor
	Max running speed	1200mm/ sec
	Electrical control	Independent research and development by ETON

#### Product description

Suitable for dispensing all kinds of lenses

#### Feature

The operation is simple and easy to understand with Chinese operation interface.

Equipped with CCD positioning system, automatic vision positioning compensation, correction of board advance deviation.

The super-size carrying track is suitable for PCB boards of various sizes.

The non-contact high-speed injection valve realizes the continuous movement of the dispensing head and high efficiency.

The use of injection valves brings high reliability and consistency of dispensing, as well as high productivity and material utilization

Real-time monitoring of glue quantity, automatic prompt for low glue quantity

The valve body has an automatic constant temperature function to ensure the fluidity of the colloid.

## Production line

## Company information

Shenzhen ETON Automation Equipment Co. LTD. is a leading manufacturer of automatic high-speed pick and place machine focusing on "High efficiency Low consumption" in the word, meanwhile ETON is also the largest high-tech manufacturer in China with strong capability of design, R&D manufacturing, sales and service, and rated as "Shenzhen high-tech enterprise" "China high-tech enterprise" "Shenzhen top brand" "2019 LED Technology innovation Award" "The 4th China LED First Innovation Award" "Industry Special Contribution Award" "Double soft enterprise" etc.

### SHENZHEN ETON AUTOMATION EQUIPMENT CO.,LTD.

## Certificate

## Remarks

Packaging : vacuum wooden boxes packaging

Delivery:

By air: Small parts packaging

By sea: Pack and ship large and heavy machines

By railway: According to customer requirements

Terms of payment: 30% depositing on the date of signing contract, 70% payment before delivery.

#### FAQ

Q: Do your machines only for LED lights?

No, our machines apply to not only LED light but also other products.

Q: What's LED pick and place machine?

As we know, LED is used popularly all over the world, so the demands and requirements of LED production line are increasing rapidly. And the LED pick and place machine is the most important part in producing LED light. Patching the LED is the key process.

Q: What's about the guarantee of the machines?

The maintenance: 1 year whole machine, any parts need to be repaired or replaced will be free. We will take the responsibility of the machines from A to Z.
