

## 50x50mm PCB 170000CPH Pick And Place Machine Two Mounting Modules

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC\CE\SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Price: FOB USD 46000~86000/sets
- Packaging Details: Wooden case
- Delivery Time: 15~30 days
- Payment Terms: L/C, T/T
- Supply Ability: 50 pcs per month

#### Product Specification

- Max PCB Size: 1200\*330mm
- Min PCB Size: 50\*50mm
- Drive Way: High-end Magnetic Linear Motor+servo Motor
- Length\*Width\*Height: 2700\*2450\*1530mm
- System: Windows 7
- Speed: 150000-170000CPH
- Highlight: 170000CPH Pick And Place Machine,  
50x50mm PCB Pick And Place Machine,  
Two Mounting Modules Smt Placement Machine

## Product Description

### Two mounting modules automatic pick and place machine hot selling led light making equipment

#### Introducing machine F7S

The machine is dual-purpose professional high-speed mounter,2-4 types of capacity reach 170000 CPH

#### Feature of machine

High-end magnetic linear motor+servo motor  
Apply to the 0.6M,0.9M,1.2M rigid PCB and 0.5M,1M LED flexible strip  
Producing with 2-4 types of materials with high capacity  
Available for board with any proportion of LED chip and resistor.

#### Machine Parameter

Dimension	2700*2450*1530mm	
Total weight	1400kg	
PCB	size	Max:1200*330mm Min:50*50mm
	Thickness	0.5-5mm
	Clamping	Adjustable pressure pneumatic
	Mounting mode	Group picking and separate placing,separate picking and separate placing.
O.S.	System	Windows 7
	Software	R&D independently
	Display	Touch screen monitor
	Input device	Keyboard,mouse
Vision system	camera	5 PCS digital camera
	Mounting precision	±0.02mm
	Mounting element height	≤5mm
	Mounting speed	150000-170000 CPH
	Components	LED3014/3020/3528/5050 and capacitor,resistors,bridge rectifiers,etc.
	Components space	0.2mm
	Feeder station	68 PCS
	Nozzles	34 PCS

#### Machine details

High capacity	High-speed magnetic linear motor pick and place machine in led light SMT production line Two mounting module,17 nozzles pasted on the PCB board at the same time,maximum mounting speed 1700000 CPH
High precision	Automatically fills components to missing coordinates MARK visual correction system Magnetic linear motor and servo motor,using Israeli technology,ensure the accuracy of X,Y and Z axis
Power functions	Component:LED,capacitors,resistors,IC,shaped components,etc. Application:LED light,like flexible strip,tube,panel light.
Operation&maintenance	Chinese and English graphical interface,easy to operate Free software upgrades for life,can be saved and edited files,arbitrary call Easy maintenance:easy maintenance,low cost of replacement parts,low maintenance cost.

#### Components&products

### Company profile

Our company is a leading manufacturer of automatic high-speed pick and place machine focusing on High efficiency Low consumption.ETON with more than 10 years experience in SMT machine field.And we have rated many awared,like Shenzhen high-tech enterprise,China high-tech enterprise,Industry Special Contribution Aware,etc.

Shenzhen high-tech enterprise

The 4th China Innovation Aware

Shenzhen TOP Brand

2015 LED Tech Innovation Aware

China high-tech enterprise

Double soft enterprise

### Our industrial park

The factory belonging to our company has been successfully built, there is 50000 SQM, equipped with advanced processing and manufacturing centers, scientific research buildings, exhibition halls, etc., to ensure quality from the source and further standardize production processes.

### Our service

If you buy our machine, we will arrange engineers to install, debug and training you for free, until you learn to operate the machine.

We have office in Mumbai and New Delhi, service is very convenient

Besides India, we also have local engineers in Egypt, Turkey, can provide you with timely service.

Chinese engineer provide online service

### Introducing Machine details

	<b>Electric Installation</b> SMT electrical components import from Japan Ensure high accuracy and high stable
	<b>Dragon Chain</b> Ensure the translation of the line Reduce wear and extend the service life
	<b>Drive Way</b> Magnetic linear motor anservo motor
	<b>Operate System</b> English interface option,easy to operate

### Transportation& Package

#### Transportation

##### By sea

The advantages of sea transportation are convenience, cheapness, and strong carrying capacity

##### By railway

The advantages of shipping are economical and affordable, with large transportation capacity, which is more suitable for inland countries.

##### By air

The advantage of air transportation is that it is convenient and fast, which is more suitable for urgent items.

#### Package

We use vacuum wooden box packaging

Step 1

Step 2

Step 3

### Why choose us?

	 <b>Excellent Brand</b>	 <b>Excellent quality</b>	 <b>Excellent service</b>
	ETON was founded in 2011, which is a leading manufacturer of high-speed pick and place machine, meanwhile is also the largest high-tech manufacturer in China with strong capacity of design , R&D, manufacturing , sales and service.		
	Our company has its own Industrial Park,equipped with an advanced processing and manufacturing center,strict quality control,and standardize production, streamline production processes.		
	After purchasing our machine,we will send our engineer to your factory to install machine and training freely.Maintenance period is 1 year,the spare parts can be replaced free of charge within the warranty period		

### FAQ:

#### If I have no experience,The machine is easy to use?

Yes,our machine is designed to use easily,usually 3 to 5 days to learn how to operate.

#### How is the breakdown rate of machine?

Our machine is very stable,the breakdown rate is less than 0.001%.

#### Is your software interface in English?

English interface and Chinese interface are both available.

**Why your price is so high?**

Because the quality, accuracy and performance of our machines are relatively good,different but better.

**Shenzhen Eton Automation Equipment Co., Ltd.**
