Windows 7 250000CPH Led Chip Mounter smt pick and place machine For Flexible Strip

Our Product Introduction

for more products please visit us on smtmountingmachine.com

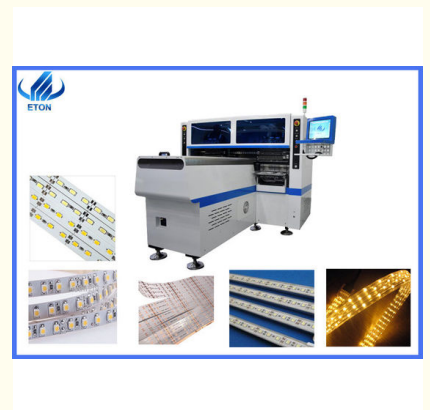

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC\CE\SIRA
- Model Number: HT-T9
- Minimum Order Quantity: 1 SET
- Price: FOB USD 46000~86000/sets
- Packaging Details: WOODEN CASE
- Delivery Time: 15~30 days
- Payment Terms: L/C, T/T
- Supply Ability: 50 PCS PER MONTH

Product Specification

- PCB Length Width: 250mm*any Length
- Mounting Mode: Group To Take And Group To Mount
- System: Windows 7
- No.of Camera: 5 PCS Digital Camera
- Feeder Station: 68 PCS
- Heads: 68 PCS
- Highlight: Windows 7 Led Chip Mounter,
250000CPH Led Chip Mounter,
Flexible Strip Chip Mounting Machine

Product Description

Brand information

ETON has been committed to technological innovation and development in the field of SMT placement. Since 2014, it has been developing multi-functional placement machines and has made breakthrough progress in technology.

It has successfully developed a variety of multi-functional placement machines that can be perfectly placed. Various drives, power supplies, circuit boards, lenses, linear bulbs and other products have won wide recognition and good reputation in the market.

Company quality principle

Company five level management policy:sincere business,focus on R&D,manufacturing intentions,considerate service,customer trust

ETON mission:professional,excellent technology,sharing the results

ETON goal:to create a national brand,build international Chinese enterprises

ETON's purpose:to create value for customers,creating benefits for society

ETON vision:determined to become the world's most competitive manufacturer and service provider of pick and place machine and high-end electronic testing equipment.

Product details

High capacity

High-speed magnetic linear motor pick and place machine in led light SMT production line

Dual arm four module,17 nozzles for each mounting part, part A or part B can be mounted separatly or synchronously.

Producing 4 types materials at the same time with high capacity.

High precision

Automatically fills components to missing coordinates

MARK visual correction system

Magnetic linear motor and servo motor,using Israeli technology,ensure the accuracy of X,Y and Z axis

Power functions

Component:LED3014,3020,3528,5050,capacitors,resistors,IC,bridge rectifiers.

Application :available for 5M,50M or any length of flexible strip and Roll to Roll.

Main technical parameter

| | | |
|---------------|----------------------|-----------------------------------------------------------------------|
| PCB | PCB length width | 250mm*any length |
| | PCB thickness | 0.5-1.5mm |
| | PCB clamping | Vacuum adsorption,cylinder splint,adjustable track width |
| | Mounting mode | Group to take and group to mount |
| Vision system | No.of camera | 5 PCS |
| | Mounting speed | 200000-250000 CPH |
| | Components | LED3014/3020/3528/5050 and resistor,capacitors,bridge rectifiers etc. |
| | Components Space | 0.5mm |
| | Mounting precision | ±0.02mm |
| | Transmission speed | >5500mm/sec |
| | Transmission mode | Online drive |
| Feeding way | Power | 380AC 50Hz |
| | No.of feeder station | 68 PCS |
| | No.of nozzles | 68 PCS |
| | Feeding system | Electric feeder with double motor |

Application

This machine is specialized in the production of flexible light strips, suitable for 5 meters, 50 meters or any length of flexible strip and roll to roll.

Flexible strip and Roll to Roll

After sales service

Free installation: provide free installation to ensure smooth production
 Free warranty: 1 year warranty factory service ,during the period, free replacement of spare parts
 Free training: professional training of operating and maintenance
 Free Technical Support: 7*24 hours technical online support
 Free software upgrade: offer free software upgrade whole lifetime.

INDUSTRIAL PARK

We have our own industrial park, equipped with and advanced processing and manufacturing center, strict quality control, and standardize production, streamline production processes. and there is the fastest machine in the world, the capacity reach 25W CPH.

50000 SQM Industrial Park

ETON MACHINE

Our Products

ETON

High Speed Pick And Place Machine

HT-F9

HT-X9

HT-T9

HT-F8

Multifunctional Pick And Place Machine

HT-E5S

HT-E5D

HT-E8D

HT-E8S

RT-1

RT-1/2

RT-4

HT-E6T

SMT Machine

Loader machine

semi-auto stencil printer

Reflow oven

Translational machine

Unloader machine

Glue Dispenser Machine

PCB cleaning machine

Solder paste mixer

Automatic stencil printer

Vacuum Loader

Double-rail conveyor

Single-rail conveyor

FAQ:

Q:What's about the guarantee of the machines?

A:The maintenance:1 year whole machine,any parts need to be repaired or replaced will be free. We will take the responsibility of the machines from A to Z.

Do you have oversea after sale service?

A:We can offer technical support abroad. If you have any technical problem, our engineers will support you promptly.

Q:Does your machines have quality certificates?

A:We are high-tech enterprise with CE,SIRA,CCC ,ISO awarded as "Well-know brand" and many technology patents, and have rich experience(more than 8 years) in LED light production line program.

Q:How is the training?

A:After buying our machines, you can send your engineers to our factory, or we send our engineer to your factory, and then we will train your people to operate these machines.

Transportation advantage

By sea: it's convenience,cheapness,and strong carrying capacity

By railway: it's economical and affordable,with large transportation capacity,which is more suitable for inland countries.

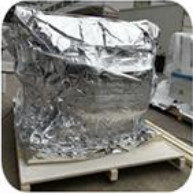

By air: it's convenient and fast,which is more suitable for urgent items.

Packaging advantages

Step one

Filming packing:make the machine sanitary, clean, sealed packing, dust and humidity, have good shock resistance, and good protection performance with tightness and fixity

Step two

Vacuum packing: Advantages of moistureproof, dustproof and so on.

Step three

Wooden packing: It has good cushioning performance, corrosion resistance, high strength and hygroscopicity, moisture-proof and earthquake-resistant functions

Contact us

If you are interested in our machine ,please feel free to contact us.
