

0.05mm Components Pick And Place Machine With 68 Heads Led Strip

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC\CE\SIRA
- Model Number: HT-T9
- Minimum Order Quantity: 1 SET
- Price: FOB USD 46000~86000/sets
- Packaging Details: wooden case
- Delivery Time: 15~30 days
- Supply Ability: 50 pcs per month

Product Specification

- No.of Camera: 5 PCS
- Payment: T/T
- Delivery: Within 30 Days
- Quality: 100% Tested
- Components Space: 0.05mm
- Head: 68 PCS
- Highlight: 68 Heads Pick And Place Machine,
0.05mm Components Pick And Place Machine,
Led Strip Smd Mounting Machine

Product Description

Dual arm four module full automatic pick and place machine with 68 heads led strip

Product feature

Dual arm four modul, 17 nozzles for each mounting part
Available for 5M, 50M or any length of flexible strip and roll to roll
Calibration automatically, high precision, available for RGB

Introduce products

The machine is magnetic linear mounter for flexible strip, which is a super high speed machine, through group to take and group to mount achieve the production capacity of 200,000 points.

Our client

We have exported machine to different countries, such as India, Egypt, Korea, Turkey etc. Such as FSL, ETI, KONKA, OPPL, MLS are our client. In India such as PK, Surya, Skyquad are our client.

Technical parameter

Dimension	3100*2300*1550mm	
Total weight	1400kg	
PCB	size	Any length*250mm
	Thickness	0.5-1.5mm
	Clamping	Vacuum adsorption, cylinder splint, adjustable track width
	Mounting mode	Group to take group to mount
O.S.	System	Windows 7
	Software	R&D independently
	Display	Touch screen monitor
	Input device	Keyboard, mouse
Vision system	camera	5 PCS digital camera
	Mounting precision	±0.02mm
	Mounting element height	Less than or equal to 5mm
	Mounting speed	200000-250000 CPH
	Components	LED3014/3020/3528/5050 and capacitor, resistors, bridge rectifiers, etc.
	Components space	0.5mm
	Feeder station	68 PCS
	Nozzles	68 PCS

APPLICATION

The machine HT-T9 is dual arm magnetic linear highspeed mounter for flexible (no wire), producing 4 typed materials at the same time capacity reach 250000 CPH.

It specializes in mounting flexible light strips, available for 5M, 50M or any length of flexible strip and roll to roll.

Machine advantage

Dual arm magnetic linear highspeed mounter for flexible strip

- ①Dual arm four modul.
- ②The capacity reach 25W CPH.
- ③Producing 4 types materials at the same time.
- ④Available for 5M,50M or any length of flexible strip and Roll to Roll.

Nozzles

Feeder Station

Linear motor

Machine Details

Nozzles:68 PCS

Feeder Station:68 PCS

Linear motor:Highspeed,high accuracy and long service life

Mounting product

Multicolor led strip light,suitable for differernt length

Attention

- 1.Before using the Pick and Place machine.you must understand the basic parameters of the placement machine,
- 2.Before running the Pick and Place machine, the operator should do a comprehensive inspection of the machine
3. According to the boot operation sequence to implement the Pick and Place machine, there must have a detailed machine operation instructions
- 4.It is necessary to conduct regular troubleshooting and maintenance work on the Pick and Place machine in a timely manner

Company information

- Our company set up 2011,is a famous for the top technology of high speed pick and place machine,meanwhile is a leading manufacturer of automatic high-speed pick and place machine focusing on High efficiency Low consumption.
- ETON with more than 10 years experience in SMT machines filed.Having more than 80% LED manufacturer are our partners in China.
- We rated as Shenzhen high-tech enterprise,China high-tech enterprise,Shenzhen TOP Brand,2015 LED Technology Innovation Aware,The 4th China LED first Innovation Aware,and so on.
- Besides,we have our own industrial park,there are production centre and R&D centre and quality inspection centre to guarantee the machine quality.

Shenzhen high-tech enterprise The 4th China Innovation Aware Shenzhen TOP Brand	2015 LED Tech Innovation Aware China high-tech enetrprise Double soft enterprise

SERVICE ADVANTAGE

After-sales service

- Free Warranty: Whole machine maintenance warranty period is 1 year.(any parts need to be repaired or replaced will be free)
- Free Installation: We have professional engineers to your factory to install machine for free.
- Free Training: We have professional engineers to go to your factory for free training operations and maintenance.
- Free Technical Support: Professional team 7*24 technical online for you to answer.
- Free Software Upgrade: We provide you with free software updates for life.
- Visit customers regularly and gather information.
- We will take the responsibility of machine A to Z.

SMT line of T9

In SMT production line there are different functions SMT machine to be one series.this is about semi-automatic production line of ETON HT-T9.
