

200 pcs PCB board Led Bulb Assembling Machine SMT Vacuum Loader

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: VP330
- Minimum Order Quantity: 1 set
- Packaging Details: Vacuum wooden box packaging, including straps and fixing nails to strengthen the firmness of the packaging
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Product Name: SMT Vacuum Loader
- Model: VP330
- PCB Size: 80*50-(460-1200)*330mm
- Dimension: (600-1300)*950*1200mm
- Loading Time: Around 6s Or Customer Specified
- PCB Capacity: Max.200 Pcs(0.6mm Thick)
- Highlight: **PCB board Led Bulb Assembling Machine, SMT Led Bulb Assembling Machine, SMT vacuum loader**

Product Description

200 pcs PCB board Led Bulb Assembling Machine SMT Vacuum Loader

New products LED production line Can hold 200 pcs of PCB board SMT vacuum loader

What is the purpose of the vacuum loader?

For the source of the SMT production line, the stacked bare PCB boards are rhythmically uploaded to the PCB production line to achieve the boarding function according to the required board action requirements of the rear equipment.

What's the feature about the vacuum loader?

PLC control, color man-machine operation, can be automatically loaded on the board, without manual operation;
Using independent multiple sets of vacuum generating systems, the adsorption is stable and reliable;
Equipped with sound and light prompt alarm system, text prompts for abnormal information, operation and maintenance are very simple;
PCB vacuum suction machine that can transport 1.2 meters can be customized;
The board-mounted platform automatically rises and falls, and the boarding speed is fast (about 6 seconds)

Can you talk about the vacuum loader in details?

Technical parameter		
Loading time	Around 6s or customer specified	
PCB thickness	Minimum 0.6mm	
PCB capacity	Max.200 pcs(0.6mm thick)	
Power consumption	Single-phase AC110-220(optional), maximum 200VA	
Air pressure and air flow	4-6bar, up to 30L/min	
Specifications parameter		
Model	PCB size	Dimension
VP330	80*50-(460-1200)*330mm	(600-1300)*950*1200mm
VP460	80*50-(510-1200)*460mm	(600-1300)*1100*1200mm

Company information

Since its establishment in 2011, ETON has been committed to the development and production of SMT placement machines and peripheral equipment in 2007.

Strong reach and develop technology team, support machine upgrade continuously, support client strong technical support

Rich experience in SMT Industry Line. ETON set up more than **10 years**, we are leading manufacturer of SMT machine in China

Strong production capacity, ETON have more than **50000 square meter Industrial park** in Jiangxi Province, machine capacity more than 50 units/month

Good and professional service. Provide engineer Door-to-door service, support video online training, video training share, free replaced machine core part during warranty. And also we could provide professional SMT line solution.

SHENZHEN Office

ETON Industrial Park

50,000 square meters

7 buildings

300 employees

assembly line

CNC workshop

Production line Exhibition hall

10 Years Development History

Independent R&D, Exclusive patented Technology

80% large and listed LED factory are our client

Top 1 in highspeed pick and place machine in China

Honor

Won a national high-tech enterprise; 2015 industry technology innovation award; the 4th China LED pioneer award, etc.
Obtain a number of technical invention patents and technical property rights:

9 invention patents,

12 software copyrights ,

112 practical patents, etc.

Exhibition

Our company participates in exhibitions at home and abroad every year (except during the epidemic period), such as:

Overseas: India Delhi Exhibition, India Mumbai Exhibition, Pakistan Exhibition, Egypt Exhibition, Tunisia Exhibition, Thailand Exhibition, etc.;
Domestic: Guangzhou Guangya Exhibition; Shanghai Munich Exhibition; Chongqing LED Light Exhibition, etc.

Services

FAQ

1) Do you have oversea after sale service?

We can provide technical support abroad. If you have any technical problems, our engineers will provide you with timely support. Abroad, we have India and Egypt office and local engineer, etc.

2) How is the training?

After purchasing our machines, you can send your engineers to our factory, or we send our engineers to your factory, and then we will train your personnel to operate these machines. Online training and video tutorials. During the epidemic, if our engineers can't make it through, we also have special one-on-one online training and video tutorials.

3) It's hard to use the machine?

Machine is very intelligent and easy to operate, like the intelligent phone, also the software is made by our company, so we know how to make it more intelligent and operate friendly.
