

Flexible Strip 250000CPH Smd Led Pick And Place Machine Led 3014 3020 Chip

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-F9
- Minimum Order Quantity: 1 Set
- Packaging Details: wooden box with vacuum package
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Dimention(mm): 2700*2300*1550
- Total Weight: 1700kg
- PCB Length Width: MAX 1200*330mm MIN100*100mm
- PCB Thickness: 0.5-5mm
- Mounting Precision: ± 0.02 mm
- Mounting Height: ≤ 5 mm
- No.of.feeders System: 68PCS
- No.of .head: 68PCS
- Components: LED
3012/3020/3528/5050,resistor,capacitor,bridg Rectifiers
- Feeding Way: Feeding Way
- Highlight: 250000CPH Led Pick And Place Machine,
3014 Led Pick And Place Machine,
250000CPH led bulb making machine

Product Description

Flexible Strip 250000CPH Smd Led Pick And Place Machine Led 3014 3020 Chip

Feature:

- Dual arm magnetic linear motor LED highspeed pick and place machone, producing 4 types material at the same time,capacity reach 250000CPH.
- Calibraton automatcally, high-precision, available for RGB
- PCB clamping Adjustable pressure pneumatic
- components: LED 3012/3020/3528/5050,resistor,capacitor,bridge rectifiers

Our Product Introduction

High precision magnetic linear motor
Customized from Israel technology

Through linear position detection feedback control, improved the positioning accuracy, high efficiency, and improved the response performance.

Spline shaft
R&D by ETON

Uniform connection force, strong bearing capacity, good orientation and alignment, widely used in high-speed and precision machines.

Flexible strip

LED tube

Panel light

Parameter

| | |
|--------------|--|
| Model | HT-F9 |
| system | windows 7 |
| software | R&D independently |
| display | touch screen monitor |
| input device | keyboard,mouse |
| No.of camera | 5PCS(Digital camera) vision alignment, mark correction |

| | |
|----------------------------------|---|
| PCB clamping | Adjustable pressure pneumatic |
| Mounting mode | Group to take and group to mount |
| Mounting speed | 200000-250000CPH |
| No.of feeders station | 68PCS |
| No.of head | 68PCS |
| transmission direction | single(left-right o right-left) |
| transmission mode | online drive |
| positioning way | optical |
| electrical control | independently research and development by ETON. |
| motion control card module 1 set | independently research and development by ETON. |
| XYZ Axis drive way | High-end magnetic linear motor+servo-motor |
| feeding way | electric feeder with double motor |

Company and exhibition

In 2007, We established the Taipei R&D Center and started the special chip mounter technology and patent research and development.

In 2008, Hong Kong ETON Group Co., Ltd. was established. ETON has made great achievements in the field of LED and has been working hard.

In 2011, Shenzhen ETON Automation Equipment Co., Ltd was founded. It is a manufacturing and process solution provider focusing on R&D, production, sales and service of SMT high-speed pick and place machine and SMT peripheral automation equipment.

Now, ETON has SMT high-speed pick and place machine division, precision solder paste stencil printer division, high-speed precision dispensing equipment division, and SMT peripheral automation equipment division.

1. Before order:

We will support professional suggestion of SMT line

We will recommend the best module according to the products

We will supply best quotation with factory price

2. After order:

Machine will have good test and aging before shipping

We support machine free installation and training, special time we support online training, and video teaching.

We have Professional after-sales team, could solve problem as soon as possible

Machine warranty is one year, during warranty, any parts need to be repaired and replaced will be free for clients.
