

Multi-functional led flexible strip making Full-automatic pick and place machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: eton
- Certification: CCC CE SRIA
- Model Number: HT-F9
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden cases, vacuum packed
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets a month

Product Specification

- PCB Length Width: MAX:1200*330mm MIN:100*100mm
- Mounting Speed: 250000CPH
- Pcb Thickness: 0.5-5 Mm
- No. Of Head: 68 PCS
- Power: 380AC 50HZ
- Warranty: 1 Year
- Condition: New
- Components: LED 3014/3020/3528/5050 And Resistor, Capacitor, Bridge Rectifiers, etc.

Product Description

Multi-functional led flexible strip making Full-automatic pick and place machine

1. Introduction to products

Dual arm magnetic linear LED high-speed pick and place machine, producing 4 types materials at the same time, capacity reach reach 250000CPH.

Exclusive patent technology:Group to take and group to mount.

The max PCB is 1200*330mm

2.Features

Apply to the 0.6m, 0.9m, 1.2m rigid PCB and 0.5m, 1m LED flexible strip. Producing with 4 types materials at the same time with high capacity, available for board with any proportion of LED chip and resistor.

Dual arm four module, 17 nozzles for each mounting part, part A/B/C/D can be mounted separately or synchronously.

Calibration automatically, high precision, available for RGB.

Exclusive patent technology:Group to take and group to mount.

3.Machine parameter

F9		
PCB	PCB Length Width	MAX:1200*330mm MIN:100*100mm
	PCB thickness	0.5-5mm
	PCB clamping	Adjustable pressure pneumatic
	Mounting mode	Group to take and group to mount
O.S.	System	Windows 7
	Software	R&D Independently
	Display	Touch screen monitor
	Input device	Keyboard, mouse
Vision system	No. Of camera	5 PCS
	Mounting speed	200000-250000CPH
	Electrical control	Independent research and development by ETON
Feeding system	No.of feeders station	68PCS
	No.of nozzles	68PCS

4.Product application

5.Company introduction,certificate

We are biggest SMT
manufacturer in China
professional SMT
equipment manufacturer
Over 10 years experience
112 practical patents
12 software copyrights

Shenzhen Eton Automation Equipment Co., Ltd. is a national high-tech enterprise which specializes in automatic high-speed SMT pick and place machines for customers, combining R&D, production, sales and service as one. Rapidly evolving market forces driving towards energy efficiency and eco-friendly, along with exciting technological advances, are driving the evolution of the lighting industry forward, providing greater opportunities and growing challenges.

Some customers' production workshops are available for reference and understanding, we will provide different wiring schemes according to customer needs.

At present, as for the series "HT" high-speed and multi-functional machine, speed is the world's fastest. "Speed" and "Stability" are the core competencies of ETON technology innovation and strict quality management principles coupled with excellent service, to enable us provide better professional full SMT solution continuously and create superior value for our customers.

Our Certification
ETON

• 9 Invention Patents

• 12 Software Patents

• 112 Practical Patents

6.Package and delivery

All machines shipped abroad will use foam packaging to protect the machines from collisions;

* Secondly, it will be wrapped with stretch film to prevent the equipment from getting damp;

* Vacuum paper packaging and moisture-proof bags keep the machine dry during transportation to prevent moisture;

* Use straps, triangles and nails to fix the machine to prevent damage to the machine during transportation

* Each export machine will be equipped with a strong export-free wooden box.

7.After-sales service

we will send our engineer to your factory to install machine and training freely.

We have service office in India, and have Indian engineer in Delhi and Mumbai. Can support quickly.

Standard warranty is one year, during warranty, any parts need to be repaired and replaced will be free.

We can provide the SMT line solution:

1. We provide full SMT solution for you;
2. We provide core technology with our equipment;
3. We provide the most professional tech service;
4. We have wealthy experience on SMT factory setup;
5. We can solve any question about SMT.

Five-star services:

Professional solutions: provide professional SMT full line solutions.

Free warranty: One-year warranty factory service.

Free Installation: On-site free installation to ensure smooth production.

Free technical support: 7*24 technical online support.

Free software upgrade: offer free software upgrade whole lifetime.

Sound company organization and working system, guarantee you a fast delivery!

Supply you all the SMT processing related machines and devices with best prices!

8.FAQ

(1)Why do you choose us?

We are the leading manufacturer of global optoelectronic high-speed pick and place machine, the products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil, etc.

(2)How about the operation of machine?

It is easy to operate of the machine. It takes about three to five days to get familiar with the operation.

(3)How to make payment?

T/T.

(4)what is your payment terms?

30% deposit in advance and 70% balance before shipment.

(5)What machine can I buy from you?

We will also produce patch peripheral equipment, mainly the following several: Multi-function placement machine, high-speed placement machine, dispensing machine, loading machine, printing machine, reflow soldering, etc.
