

## Full automatic with high capacity of 45000 cph mounting for power driver, lens pick and place machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Eton
- Certification: CCC, CE, SIRA
- Model Number: HT-E8S -600
- Minimum Order Quantity: 1 set
- Packaging Details: place in the wooden boxes in a vacuum package
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- Warranty: 1 Year
- Condition: New
- Model: HT-E8S -600
- PCB Length Width: 600 Mm\* 500 Mm
- Dimension: 1550 Mm\*1650 Mm\*1550 Mm
- Speed: 45000 CPH
- Feeders: 28 PCS
- Mounting Precision:  $\pm 0.04$  Mm
- Pcb Thickness: 0.5-5 Mm
- Highlight: 45000cph Lens Smt Assembly Machine, Power Driver Smt Assembly Machine, 0.04mm Precision Chip Mounting Machine

## Product Description

### Full automatic with high capacity of 45000 cph mounting for power driver, lens pick and place machine

#### Product description

Single module magnetic linear motor mounter machine E8S-600 use group picking and separately placing, separately picking and separately placing mounting mode with 12 pcs of head 2 sets of imported digital camera

#### Features:

Single module magnetic linear motor multifunctional pick and place machine.

Mounting components: LED chip, capacitors, resistors, lens, IC, shaped components, etc.

Component: Min. Size 0402, Max. Height 15mm.

Application: Power driver, electric board, lens, DOB bulb, linear bulb, household appliance etc.

#### Exclusive Patented Technology:

Electronic feeder feeding system.

Vision alignment flight identification, Mark correction.

Non-stop material re-loading function.

Auto-optimization after coordinates generated, etc.

#### Machine parameter

|                        |   |
|------------------------|---|
| Model                  | HT-E8S-600  |
| Dimension              | 1550mm*1650mm*1550mm  |
| Total weight           | 1500kg  |
| PCB length width       | Max:600*500mm<br>Min:100*100mm  |
| PCB thickness          | 0.5-5mm   |
| PCB clamping           | Adjustable pressure pneumatic   |
| Mounting mode          | Group picking and separately placing, Separately picking and separately placing |
| Mounting precision     | ±0.04mm   |
| Mounting speed         | 45000CPH  |
| No. of feeders station | 28PCS single module   |
| No. of head            | 12 PCS single module  |

#### Whole line solution

As an experienced manufacturer of SMT machine, supply an optimal line for our clients is as a basic service to help our clients to use our machine with their products in an efficient approach.

Here is E8S-600 semi-automatic production line

#### Exhibitions

As a foreign trading manufacturer with more than 20 countries in various regions and areas, exhibition is an excellent tool to make our clients in person to touch and feel the actual quality and the appearance of our SMT machine, to know about the machine parameter with our foreign trading salesmen on the spot, which is a convenient way to gain the credence of our foreign partners.

We have held foreign exhibition in some countries as India Mumbai Exhibition, India Delhi Exhibition, Egypt Exhibition, Turkey Exhibition, Pakistan Exhibition, etc.

### Packaging and transmission

### FAQ

Q1. What is your the payment term?

A1. For our regular payment terms, we usually use T/T.

Q2. Can you accept CFI as the quoted price?

A2. We only accept EXW as the quoted price.

Q3. How is your services?

A3. We ensure our clients to enjoy an optimal experience of the service of communication and relevant needs of the machine for installation, maintenance and free up- grade.

Q4. What is your actual speed of your products?

A4. For the actual speed of the machine which is constrained by many factors, that related to the number of the components, the time to send PCB board and receive the board, etc. And is decide for the actual products and needs.

Q5. What is your merits of the machine to others production?

A5. Initially, we have a strong R&D department for studying our productions, and our clients can enjoy free up-grade of the machine to get latest information about technology and equipment, besides, we have a 50000 square meters industrial park to serve the production, assembly, and commissioning of our machines.
