

led light smt mounting surface mount technology DOB making pick and place machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: RT-1
- Minimum Order Quantity: 1 set
- Packaging Details: standard ocean shipping wooden box packing machine
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 100 stes per month

Product Specification

- Optimal Spedd: 40000cph
- No.of Heads: 10 Pcs
- Max Pcb Size: 450*350mm
- Dimension: 1200*1930*1500mm
- Mounting Height: Less Or Equal 15mm
- Power: AC380V

Product Description

led light smt mounting surface mount technology DOB making pick and place machine

Description

1. Can make various led light, such as: led bulb, DOB, driver, solar light, street light, panel light, down-light, led display, etc.
2. 20 heads, optimal speed can reach 40000CPH.
3. Can mount max height reach 15mm(standard), if you component height more than this one, we can customize.
4. For the components positioning, we use optical position, can auto-optimization after coordinates generated.

Machine main features

Magnetic linear motor multifunctional pick and place machine
 Mounting components: LED chip, capacitors, resistors, IC, shaped components, etc.
 Exclusive patented technology:
 Electronic feeder feeding system
 Vision alignment flight identification, Mark correction
 Auto-optimization after coordinates generated,etc

The technical parameter about RT-1 pick and place machine

Dimension	1200*1930*1500mm
PCB Max Size	450*350mm
No. Of heads	10 pcs
Optimal speed	40000CPH
No. Of camera	2 pcs
The features of camera	Accurate image recognition
Transmission speed	Less or equal 1000mm/sec

Machine application

It mainly to use outdoor lighting and indoor lighting, such as: Road lighting - street lights, display screens, solar lights; indoor lighting - table lamps, light bars, chandeliers, etc.

Packaging and Shipping

1. Pack the machine with loam cotton and stretch film to protect the outside of the machine;
2. Packed in a vacuum bag with desiccant inside. After vacuuming, the machine will be secured again with straps;
3. About machine spare parts, we will put them in vacuum bags together with the machine, and bind them in wooden boxes together with the machine.
4. Use a standard ocean shipping wooden box packing machine

Why choose us:

1. We're manufacturer of smt pick and place machine, from parts to finished machine;
2. We have more than ten years experience in led industry;
3. We have a 52,000-square-meter machine production industrial park, which can manufacture at least 100 units per month;
4. For the machine software is independent research and development, can provide upgrade for free lifetime;
5. We have overseas office and local engineer in India, Egypt, etc.

FAQ

1. If i want use FOB, can you approve?

Re: usually, we use EX work to delivery the goods, but if you want to use FOB to delivery goods, it's ok.

2. Can i know your terms of payment?

Re: Yes, of course. For the payment we use T/T, 30% prepaid, the remaining 70% paid before shipment.

3. I want to ship it early, when will the machine be ready on your side?

Re: It takes about 25-35 days for our machine to be ready, and will be shipped after testing before leaving the factory. So for the machine quality you don't worry.
