

Directly supplier multifunctional full-automatic LED bulb 10 heads RT-1 SMT pick and place machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE, CCC, ISO
- Model Number: RT-1
- Minimum Order Quantity: 1 set
- Price: USD 23000-35000
- Packaging Details: vacuum package and wooden package
- Delivery Time: 30 days after deposit
- Payment Terms: L/C, T/T
- Supply Ability: 50 set per month

Product Specification

- Name: SMT Pick And Place Machine
- Software: R&D By ETON
- Language: English Or Chinese
- Camera: 2 Sets(Vision Alignment And Mark Correction)
- Size: 1200*1930*1500mm
- Weight: 2000kg
- PCB Clamping: Pneumatic
- Power: 380V AC
- Operating Environment: 23°C±3°C
- Warranty: 1 Year

Product Description

Directly supplier multifunctional full-automatic LED bulb 10 heads RT-1 SMT pick and place machine

The Feature of RT-1 Multifunctional mounter

Single module magnetic linear motor multifunctional pick and place machine

PCB clamping: Pneumatic

Software: R&D independently by ETON

Camera: 2sets (vision alignment and Mark correction)

Optimum capacity reach 40000CPH

Exclusive patented technology

Electronic feeder feeding system

Vision alignment fight identification, Mark correction

Auto-optimization after coordinates generated

Mounting mode: Group picking and separately placing, separately picking and separately placing

Technical parameter

Dimension	
Length	1200mm
Width	1930mm
Height	1500mm
Total weight	2000kg
PCB	
PCB Length width	Max: 450*350mm Min: 80*80mm
PCB Thickness	0.1-6mm (If <0.6mm need jig)
O.S.	
System	Windows 7
Display	Touch screen monitor
Input device	Keyboard, mouse
Vision system	
Transmission speed	1000mm/sec
Mounting precision	±0.04mm
Transmission direction	Single(left→right or right →left)
No. Of feeders station	32PCS
No. Of head	10PCS
Operating environment	23°C±3°C
Power consumption	4KW
X, Y, Z Axis drive way	High-end magnetic linear motor and serve motor
Feeding way	Electric feeder with double motor

Company introduction

ABOUT US

Shenzhen ETON Automation Equipment Co.,Ltd. was founded in 2011. It is a manufacturing and process solution provider focusing on R&D, production, sales and service of SMT high-speed pick and place machine and SMT peripheral automation equipment. ETON is not only in the leading position in the field of photoelectric high-speed placement machines, but also has made breakthrough progress in the field of SMT high-speed placement machine.

ETON was founded in 2011. Jiangxi intelligent manufacturing Park was completed in 202. It is a manufacturing and process solution provider focusing on R&D, production, sales and service of SMT high-speed pick and place machines and SMT peripheral automation.

More than 11 years experience

Exported to more than 20 countries and regions

Obtain a number of intellectual property technologies

China high-tech enterprise

The 4th China LED First Innovation Award

FAQ:

1. What the language of the machine?

Our equipment has both Chinese and English versions.

2. Why you choose ETON?

ETON has more than 11 years experience. ETON is in the leading position in the field of pick and place machine and commit to continuously providing the market with products and services that are " more intelligent, more professional, more efficient, and lower consumption".

3. what about the after sales?

We provide 1 year after sales service.

4. Is there any other equipment besides the mounter machine?

We have a complete SMT line of machine, such as solder paste printer machine, conveyor, reflow oven. We also offer customization.

5. Is The operating software reliable?

Yes, of course. Our software is R&D independently by ourselves.
