

Vision mounter with 24 heads 1950 mm smt for led tube, lens pick and lace machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Eton
- Certification: CCC, CE, SIRA
- Model Number: HT-E8D-600
- Minimum Order Quantity: 1 set
- Packaging Details: placed in the wooden boxes in a vacuum package
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

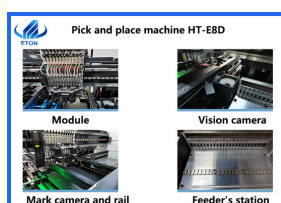

Product Specification

- Warranty: 1 Year
- Condition: New
- Pcb Thickness: 0.5-5 Mm
- Total Weight: 2200 Kg
- PCB Length Width: Max:600*300 Mm Min:100*100 Mm
- PCB Clamping: Adjustable Pressure Pneumatic
- Mounting Precision: ± 0.04 Mm
- Mounting Speed: 90000 CPH
- No. Of Head: 24 PCS Single Module
- Mounting Mode: Group Picking And Separately Placing, Separately Picking And Separately Placing

Product Description

Vision mouter with 24 heads 1950mm for led tube, lens pick and lace machine

Description

E8D-600 multifunctional pick and place machine taking the mounting mode of group picking and separately placing, separately picking and separately placing, with 24 PCS of head capacity reaches 90000 CPH, mounting for power driver, electric board, lens, DOB bulb, linear bulb, household appliance etc..

Machine main parameter

| | |
|------------------------|---|
| Model | HT-E8D-600 |
| Dimension | 1950mm*2250mm*1650mm |
| Total weight | 2200kg |
| PCB length width | Max:600*300mm Min:100*100mm |
| PCB thickness | 0.5-5mm |
| PCB clamping | Adjustable pressure pneumatic |
| Mounting mode | Group picking and separately placing, Separately picking and separately placing |
| Mounting precision | ±0.04mm |
| Mounting speed | 90000 CPH |
| No. of feeders station | 48PCS single module |
| No. of head | 24 PCS single module |

Machine main features

Dual system, dual module multifunctional mouter to produce two different products at the same time.

Mounting components:LED chip, capacitors, resistors, lens, IC, shaped components, etc.

Component: Min. Size 0402, Max. Height 15mm.

Application: Power driver, electric board, lens, DOB bulb, linear bulb, household appliance etc.

Exclusive Patented Technology:

Electronic feeder feeding system.

Vision alignment flight identification, Mark correction.

Non- stop material re-loading function.

Auto-optimization after coordinates generated, etc.

Machine application

Multifunctional pick and place machine E8D-600 which is suitable for mounting LED tube, flexible strip, street light, lens, power driver etc. Here are the picture for your reference:

Company profile

SHENZHEN ETON AUTOMATION EQUIPMENT CO.,LTD was founded in 2011, an excellent company for SMT mouter machine, ETON obtained 9 invention patents, 112 practical patents, 12 software copyrights of intellectual property technologies, to be a leading manufacturer of SMT trade. And have a 50000 square meters industrial park in Jiangxi province.

Shenzhen ETON automation equipment company is a leading manufacturer of global optoelectronic high speed pick and place machine, the products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil etc.

ETON industrial park covers an area of 50,000 square meters

Packages

When in transportation some of the unforeseen reasons that will hurt the machine, so that packing the machine to keep it in good condition which is an important part for the good service of our clients, here is the steps of our machine package:

Step 1: Film packing and foam cotton prevent the dust and water to protect the machine;

Step 2: Vacuum package and moisture proof bag, to keep dry of the machine during transportation;

Step 3: Equip with sturdy wooden box and transported by trucks to the specific port.

Shipping and Delivery

Selecting a suitable delivery way for the machine which is an imperative factor to catch the optimal production time and the opportunity in market, here is the three ways for transportation:

Air freight:
for urgent good, and it is the most expensive transportation way;

Land transportation:
suitable for inland countries and it is affordable;

Shipping:
It's suitable for heavy goods, and the convenience and lower cost of shipping which is easy for clients to accept the arrival time of the goods.

FAQ

Q1. If I need a perfect line of the machine can you supply?

A1. Yes, for the requirements of a whole line for production, we have professional equipment to make up for a perfect production line for your products, on account of we have a 50000 square meters of industrial park and excellent R&D staff, which can produce 50 sets of machine per month.

Q2. What is your payment terms?

A2. We usually use T/T as our payments term, that you can pay 30% down payment in advance, and pay the balance before the shipment.

Q3. Is the machine easy to operate?

A3. Yes, our machine is very intelligent and easy to operate, like the intelligent phone, also the software is made by our company, so we know how to make it more intelligent and operate friendly.

Q4. How many feeders station and nozzles of the machine?

A4. Total 48 PCS of feeders station and 24 PCS nozzles.
