

## 24 heads with 90000 capacity SMT mounter 1950 mm for led strip, led tube pick and place machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Eton
- Certification: CCC, CE, SIRA
- Model Number: HT-E8D-600
- Minimum Order Quantity: 1 set
- Packaging Details: placed in the wooden boxes in a vacuum package
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- Mounting Mode: Group Picking And Separately Placing, Separately Picking And Separately Placing
- PCB Clamping: Adjustable Pressure Pneumatic
- Mounting Precision:  $\pm 0.04$  Mm
- Mounting Speed: 90000 CPH
- PCB Length Width: Max:600\*300 Mm Min:100\*100 Mm
- No. Of Feeders Station: 48 PCS Single Module
- No. Of Head: 24 PCS Single Module
- Condition: New
- Warranty: 1 Year

## Product Description

### 24 heads with 90000 capacity SMT mounter 1950 mm for led strip, led tube pick and place machine

#### Products description

dual module multifunctional mounter to produce two different products at the same time, with high capacity of 90000 cph which can mount led tube, led strip, lens, power driver etc.

#### Machine main features

Exclusive Patented Technology and features:

Electronic feeder feeding system.

Vision alignment flight identification, Mark correction.

Non- stop material re-loading function.

Auto-optimization after coordinates generated, etc.

Dual system, dual module multifunctional mounter to produce two different products at the same time.

Mounting components: LED chip, capacitors, resistors, lens, IC, shaped components, etc.

Component: Min. Size 0402, Max. Height 15mm.

Application: Power driver, electric board, lens, DOB bulb, linear bulb, household appliance etc.

#### Machine main parameter

PCB length width	Max:600*300mm Min:100*100mm
PCB thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Mounting mode	Group picking and separately placing, Separately picking and separately placing
Mounting precision	±0.04mm
Mounting speed	90000 cph
No. of feeders station	48PCS single module
No. of head	24 PCS single module

#### Our Exhibitions

Before the coming of COVID-19 in 2019, we have participated in various exhibition in some of the foreign countries and regions, including India Mumbai Exhibition, India Delhi Exhibition, Egypt Exhibition, Turkey Exhibition, Pakistan Exhibition, etc. And also we have took part in our domestic exhibition, like Guangzhou Guangya Exhibition, Shanghai Munich Exhibition, Chongqing LED light Exhibition, etc. Hoping the virus will pass over and the world return healthily.

We have engaged in some foreign exhibition India Mumbai Exhibition, such as India Delhi Exhibition, Egypt Exhibition, Turkey Exhibition, Pakistan Exhibition, etc.

#### SMT Line solution

A whole semi automatic line which is made up by semi auto stencil printer machine, conveyor, pick and place machine and reflow oven machine etc.

Here is the production line for your reference:

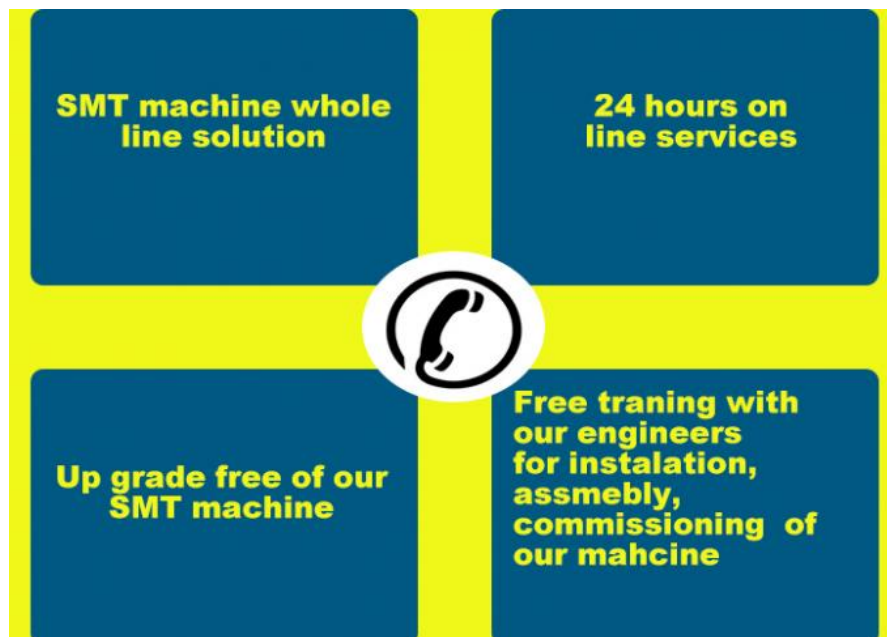

## E8D-600 semi-auto line

### Service

To provide an excellent service to our customers is a vital mission to keep a healthy relationship of our business partner, and it is an important part to serve our customer with professional services.

Here are some of the tips of our service:

### FAQ

Q1. Whether have a free installment and training of operating the machine?

A1. Yes, if you buy our products that you can enjoy a free installment and we will arrange our engineer to take a training for you as for installation, commissioning and maintenance of the machine.

Q2. What is your payment terms?

A2. We usually use T/T as our payments term, that you can pay 30% down payment in advance, and pay the balance before the shipment.

Q3. Can you accept D/P or D/A as the payment term?

A3. For our regular payment terms, we usually use T/T.

Q4. How can I make inspection when something wrong with the machine?

A4. Well, the inspection is taken by our professional engineer to check and modulate the machine, if you counter any problem of our machine please contact us, and we will arrange our engineer to solve it.
