

Vision alignment multifunctional mounter 80000 capacity with 20 heads SMT machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Eton
- Certification: CE, CCC, SIRA
- Model Number: RT-2
- Minimum Order Quantity: 1 set
- Packaging Details: Packing in film packing and foam cotton and equip with wooden boxes
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Condition: New
- Weight: 2500 Kg
- Dimension: 1200*1930*1500 Mm
- Feeders: 64 Pcs
- Pcb Thickness: 0.1-0.1 (if <0.6 Mm Need Jig)
- Speed: 80000 Cph
- PCB Length Width: Bilateral Dual Track :Max: 450*300mm (Non-omnidirectional 610*350mm) One-sided Single Track:Max:450*540mm (Non-omnidirectional 610*540mm) Min: 80*80mm
- Mounting Mode: Group Picking And Separately Placing, Separately Picking And Separately Placing
- Mounting Precision: ± 0.04 mm

Product Description

Vision alignment multifunctional mounter 80000 capacity with 20 heads SMT machine

Description: led lights making machinery RT-2 with a high speed of 8000 capacity, that can mounting various components, and LED products, to name only a few:

mounting components: LED chip, capacitors, resistors, IC, shaped components, etc.

LED Products: led bulb, led tube, LED street light, power driver and circuit board etc.

Machine main features

Double module magnetic linear motor multifunctional pick and place machine RT-2.

Exclusive patented technology : electronic feeder feeding system, vision alignment flight identification and mark correction

Supplying an excellent mounting precision with 80000CPH capacity, 20 PCS of heads.

Mounting mode is group picking and separately placing, separately picking and separately placing available for kinds of components

Machine main parameter

Model	RT-2
PCB length width	Bilateral dual track :Max: 450*300mm (Non-omnidirectional 610*350mm) One-sided single track:Max:450*540mm (Non-omnidirectional 610*540mm) Min: 80*80mm
PCB thickness	0.1-6mm (if <0.6mm need jig)
PCB clamping	pneumatic
Mounting mode	Group picking and separately placing, separately picking and separately placing
Mounting precision	±0.04mm
Mounting speed	80000 CPH
No. of feeders station	64 PCS
No. of head	20 PCS

Service

For the part of services, we ensure our clients to enjoy a suitable experience of buying and using our machine when in production, so that we provide some comfortable services as blowing:

OUR SERVICE

- 1.A whole line for smt production
- 2.Free installation for arranging engineers to teach to operate machine and assembly, commissioning machine
- 3.Desirable after sales service, for maintenance, gathering information from customers
- 4.Provide latest information about technology and equipment
5. 1 year maintenance of the machine

Our Exhibitions

Eton has participated in many exhibitions of foreign countries , such as India Mumbai Exhibition, India Delhi Exhibition, Egypt Exhibition, Turkey Exhibition, Pakistan Exhibition, etc and trading with more than 20 countries. Furthermore, we have took part in our domestic large exhibition, like Guangzhou Guangya Exhibition, Shanghai Munich Exhibition, Chongqing LED light Exhibition, etc.

EXHIBITION

FAQ

Q1. What is your usual payment term?

A1. Our usual payment term is T/T, that requires to pay 30% in advance, and pay the balance off before the delivery of the goods.

Q2. How can I look around your industrial park if I am on aboard?

A2. If you have Chinese agent we can make an appointment to show you our company, of course we also can make video call to show you the industrial park, or we will do some video to you if you need.

Q3. What is your machines quality?

A3. As an experienced manufacturer in SMT machine, we obtained a number of intellectual property technologies, including 9 invention patents, 112 practical patents, 12 software copyrights, with our won R&D department for production and inspection. And awarded as "China high-tech enterprise", "Shenzhen TOP brand" we ensure our high quality of our machine as an excellent manufacturer in China.

Q4. How many hours does the machine can operate per day?

A4. Machine can work whole day. But for longer using life, we suggest you to have 1 hour or 2 hours off per day.

Q5. Is the machine easy to operate?

A5. Yes, our machine is very intelligent and easy to operate, like the intelligent phone, also the software is made by our company, so we know how to make it more intelligent and operate friendly.
