

Single modular led tube 12 head automatic pick and place machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE,CCC,SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 sets
- Packaging Details: Vacuum wooden box packaging
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Machine Type: Multifunctional SMT Machine
- Dimension: 2550*1650*1550mm
- Weight: 1700kg
- PCB Size: Max:1200*500mm; Min:100*100mm
- Mounting Speed: 45000 CPH
- Components Space: 0.2mm

Product Description

Single modular led tube 12 head automatic pick and place machine

Features:

HT-E8S-1200: Single module magnetic linear motor multifunctional pick and place machine. It equipped with 28 nozzles, which speed reached 90000CPH.
Mounting components:Led chip,capacitors,resistors,lens,IC,shape components,etc.
Components:Min.size0402 Max.height 15mm

Specification:

Model	HT-E8S-1200
Dimension(L*W*H)	2550*1650*1550mm
Weight	1700kg
PCB length width	Max:1200*500mm;Min:100*100mm
PCB thickness	0.5~5mm
Mounting mode	Group picking and separately placing, separately picking and separately placing
Mounting height	<15mm(automatic changing)
Mounting speed	45000cph
Power consumption	4KW
No. Of feeders station	28 PCS single module
No. Of head	12 PCS Single module

Application:

power drive. Electric board. Lens. DOB bulb.linear bulb. Household appliance etc.

Our Market and clients:

ETON is a leading pick and place machine manufacturer in China, ETON machine have been exported more than 20 countries , such as India, Turkey, Egypt, Thailand, Vietnam, Etc. In China, more than 70% big led lighting company are our clients.

Company profile:

ETON Automation Equipment Co.,Ltd was established in 2011. It is a manufacturing and process solution provider focusing on R&D, production, sales and services of SMT high-speed pick and place machines and SMT peripheral automatic equipment. We have decades of R&D experience and mature technology in this field. We have an industrial park covering an area of 50,000 square meters in Jiangxi, which is dedicated to the production of machine to make machine. Our products are exported to over 20 countries and regions. We have been working with numerous big companies in India, Turkey, Pakistan, Egypt etc. Having a perfect service, free installation and training. We have three engineers in India and an office.

Packing:

Step 1: Wrap with stretch film to prevent the equipment from.

Step 2: Vacuum paper packaging and moisture-proof bag so that the machine can be kept dry during transportation to prevent moisture

Step 3: Use straps and triangular wood to fix the machine to prevent damage to the machine during transportation

Step 4: Each exported machine will be equipped with sturdy export wooden boxes, to ensure that the delivered product is good.

Services:

1. Free technical support: 7*24 hours online technical service.
2. Free installation and training: we have established offices overseas. We can arrange engineers to go directly to the factory for free installation and training.
3. Free upgrade software: machine software is developed by our company, so we provide life-long free upgrade software for customer for customer who purchase the machine.
4. We can provide SMT production line solution with you.

FAQ:

1. Do you have overseas after-sales services?

Yes. We can provide technical support abroad with you. We have offices overseas and have local engineers to help you solve the problems with the pick and place machine offline.

2. How about the warranty?

We support one year warranty. We will help you in time. All the spare parts will be provided free of charge for you within the warranty period.

3. Is it hard to use these machines?

No, not at all. 3 days is enough to learn to operate the machines.

4. What can you buy from us?

Pick and place machine, Automatic stencil printer, SMT machine, Reflow oven, LED light production line.
