

180000CPH High Speed SMT Pick And Place Machine 5mm 34pcs Head For flexible strip

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE,CCC,SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 sets
- Packaging Details: Vacuum wooden box packaging
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Dimension: 2700*2330*1500mm
- Weight: 1700kg
- Machine Type: Highspeed SMT Machine
- PCB Size: Max:1200*330mm; Min:100*100mm
- Head: 34 Pcs
- Mounting Speed: 150000~180000 CPH
- Highlight: **34pcs Head SMT Pick And Place Machine ,
SMT Pick And Place Machine 5mm ,
180000CPH High Speed Pick And Place Machine**

Product Description

Professional highspeed capacity reach 180000CPH SMT pick and place machine

Features:

- (1) Dual-arm professional high-speed pick and place machine.
- (2) Producing with 2~4 types of materials with high capacity, available for 5m,50m or any length of flexible strip and roll to roll.
- (3) This machine has a total of 34 nozzles, which mounting speed reached 180000 CPH.
- (4) This machine is mainly suitable for 0.5m,1m led flexible strip, led tube, panel light and so on.

Model	HT-F7S
Dimension(L*W*H)	2700*2300*1550mm
Weight	1700kg
PCB length width	Max:1200*330mm;Min:100*100mm
PCB thickness	0.5~5mm
Mounting precision	±0.02mm
Mounting mode	Group to pick and group to mount
Mounting height	≤5mm
Mounting speed	150000~180000CPH
Power consumption	6KW
No. Of feeders station	68PCS
No. Of head	34 PCS

Market:

We occupied a vast foreign LED market, 80% larger and listed led factory are our client .

Exhibition:

In order to allow more companies and customers to be recognized by us and expand the brand effect of the company's machines. Except during the epidemic, we will participate in exhibitions every year, including domestic exhibitions and foreign exhibition.

Related machine:

Besides pick and place machine, our company have many other related machine. If you want to have much machine details and machine parameter, price etc, please contact us right now.

Company profile:

Shenzhen ETON Automation Equipment CO., LTD. is one of very few high-tech manufacturers committed to provide "professional, high efficiency, low consumption" automatic high-speed SMT pick and place machine for customers, combining product development, production, sales and service as one. At present, as for the series "HT" high-speed and multi-functional machine, speed is the world's fastest. "Speed" and "Stability" are the core competencies of ETON, technology innovation and strict quality management principles coupled with excellent service, to enable us provide better professional full SMT solution continuously and create superior value for our customers.

Services:

1. We will provide video training online with you as long as bought machine, Which ensured you you could operate our machine.
2. We can send our foreign engineers to buyer's factory to install machine freely.
3. Any parts need to be repaired and replaced will be free during warranty (1 year).

FAQ:

1. How many hours per day can this machine work?

Machine can work whole day. To extend the life of the machine, we suggest you to have 1 hour or 2 hours off per day.

2. How is the working efficiency of the machine?

The working efficiency of the machine is very high, and it will be more efficient if it is used in the production line with other related machines.

3. Can you provide whole SMT line with me?

Of course. we can provide whole line solution if you want. We are very professional on SMT field.

4. How about the machines quality?

We have our own industrial park. There are production centre and R&D centre and quality inspection centre to guarantee the machines quality.
