

25W CPH 68 heads and feeder station led production line high precision smt Router

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-T9
- Minimum Order Quantity: 1 Set
- Packaging Details: wooden box with vacuum package
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

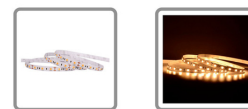

Super high speed HT-T9

Product Specification

- System: Window 7
- Software: R&D Independently
- PCB Length Width: 250mm*any Length
- Mounting Mode: Group To Pick And Group To Mount
- No.of Camera: 5PCS (Digital Camera)
- Mounting Speed: 200000-250000CPH
- No.of Feeders Station: 68PCS
- No.of Head: 68PCS
- Conveyor Transmission: MAX Length: 1000mm
- XYZ Axis Drive Way: High-end Magnetic Linear Motor + Servo Motor

Product Description

25W CPH led production line high precision smt placement machine

What are the functions of high-quality domestic placement machines PART 2?

1.R-axis angle calibration:

When the SMD device is designed on the PCB, different positions and functional connections require a certain angle.

2.IC placement function:

Usually, a pick and place machine can meet some IC mounting of different sizes, and high-speed machines can only mount small ICs.

3.Automatic transmission function:

The PCB of the automatic placement machine is automatically transferred by the machine.

SMT Moulder Machine HT-T9 Detail

How many materials can produce at the same time? 4 types materials at the same time.

How long led strip light can make? 5M,50M or any length led strip and roll to roll.

What min size components, this machine can do? can mount 0402 components.

What patent technology we have? Group to pick and group to mount.

How many camera we have? 5 pcs, 2pcs feeder,camera, 2pcs nozzle camera, 1 mark camera

Super High Speed HT-T9

250000CPH

Roll to roll led strip light

- 1.68 feeder station, 68 placement head, 250mm*any length pcb size, vacuum adsorption clamping, cylinder splint clamping, adjustable track width clamping;
- 2.Windows 7 system, 6KW power consumption, optical positioning way;
- 3.0.5mm components space, Group to pick and group to mount mounting mode;

SMT Mounter Main Parts

How many main part in pick and place machine? Today, share some parts for you.

Read and write modules in the control system - code reader

It can accurately determine the coordinate position of the worktable and convert the rotary motion into linear motion- ball screw

Convert the pressure energy of compressed air into mechanical energy, and the drive mechanism performs linear reciprocating motion, swinging and rotation

In a broad sense, it refers to an electrical appliance that uses a coil flowing through a current to generate a magnetic field to close the contacts in order to

Our Company ETON - Top brand in SMT machine

1. Development of history: 2007 to now, we get kinds of patent, high-tech enterprise certification. the machine update and update.

2. Why our company is so professional in smt machine?

- 1) Over 10 years LED lighting field experience sharing
- 2) Own R&D department
- 3) 50000 square meters industrial park ensure the brand effect and present company strength.

3. Large market share in the USA, KOREA, INDIA, GERMANY, TURKEY in more than 20 countries. Local engineer in India(Delhi, Mumbai and Daman), Turkey, Egypt, etc.

4. Professional and kindly service.

5. Eton Purpose: To create value for customers, creating benefits for society.

TOP brand of SMT supplier in China

ETON EXHIBITION GO TO India, Egypt, Pakistan, Tunisia, Vietnam, Thailand, Germany, Russia and other countries and regions.

FULL SMT SOLUTION EXPERT
INSPIRE THE FUTURE

Why should you buy from us not from other suppliers? We are high-tech professional manufacturer of SMT machine with more than 10 years with good quality and reputation. We have rich experience in helping client to start new factory and new line. "Professional, high-effective, cost-saving" are our advantages.
Are you a trade company or a manufacturer? We are an professional manufacturer specialized in Screen Printer,SMT Machine, Pick and Place Machine, Reflow Oven, SMT Production line and other SMT Products.
What is your delivery date? The delivery date is about 20 days upon the full payment.
What is your payment terms? 100% payment before delivery or 50% deposit in advance and the rest before shipment.
How is the warranty? 1. Every machine will be checked carefully before shipping out. Buyers should check the package once receiving. 2. The complete machine has a warranty period of 12 months from delivery and lifetime maintenance service. 3. We provide online Q/A and troubleshooting support and technical advice service. Provide one to one after-sale service.

ETON is your best parmer!

Find me on Whatsapp: +86 19880662073 and let's discuss more. Thank you!
