

1200mm Dual Rail PCB Translational Conveyor Automatic For SMT Line

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC, RISA
- Model Number: MV330
- Minimum Order Quantity: 1 set
- Price: FOB USD 3600~6000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 work days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: PCB Translational Conveyor
- Dimension: 600*800*1200 Mm
- Software: R&D Independently
- Warranty: 1 Year
- Weight: 90kg
- Condition: New
- Power Supply: AC110~220V
- Type: SMT Machine Related Products
- Application: Smt Production Line
- Programme Method: Automatic Data Import/ Video Study/ Keyboard Input
- Highlight: **SMT Line PCB translational conveyor , Dual Rail PCB translational conveyor**

Product Description

1200mm dual rail translational conveyor move machine for PCB in SMT line

Product features of pcb translational conveyor

Semi-closed design ensures the highest level of safety protection;
PLC control system, color touch screen operation interface;
The position and direction of the PCB can be freely selected;
Automatic width adjustment, displacement by precision screw drive;
Standard SMEMA signal communication mode.

Technical parameter of pcb translational conveyor

Description	The equipment is used to change the conveying direction of circuit board in the production line, scattered or assembled
Transport height	900±20mm
Transport direction	Left-Right; Right-Left
Power Consumption	Single-phase AC110~220V (optional), up to 300 volt amperes
Decentralized and collective functions	Two in and one out, one in and two out (optional)

Exhibitions

Our company participates in many exhibitions at home and abroad every year, in China, including large-scale exhibitions held in Shenzhen, Guangzhou, Chongqing, Shanghai and other places. Foreign exhibitions include exhibitions in more than 20 countries including Mumbai, Delhi, Egypt, Turkey, and Vietnam.

For SMT factory setup,we can do for you:

1. We provide full SMT solution for you
2. We provide core technology with our equipments
3. We provide the most professional tech service
4. We have wealthy experience on SMT factory setup
5. We can solve many question about SMT

Five star Services

Pre-sale, on-sale and after sale, Technical support; We have professional service team, Rich experience, ensure to solution the customer's questions. Always provide best support to you!

1)Pre-sale:

Provide equipment, such as pick and place machine, stencil printer, reflow oven, conveyor, etc.
SMT whole line solution, based on customer's factory layout, requirement, product, etc.

2)On-sale

Real-time follow-up of the production situation of the customer's machine.
Inform the customer of the production progress with video or photos

3)After sale

On-site Free installation
One-year Warranty factory service
Two regular visits customer one year
Free technical training
Software:Independent research and development by ETON, free upgrade whole lifetime, saving costs.

4)Technical support

Free technical training of operating and maintenance
7*24 hours technical online support.
Local engineer in India(Delhi, Mumbai and Daman), Turkey, Egypt
