

Double Rails SMT Placement Machine 50000CPH Ultra High Speed

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA, ISO
- Model Number: T9-2S
- Minimum Order Quantity: 1 set
- Packaging Details: Standard Wooden Case with Vacuum Package
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Pcb Thickness: 0.1-0.5mm
- Pcb Clamping: Vacuum Adsorption, Cylinder Clamping, Track Width Adjustable
- Mounting Mode: Double Rails+four Group Of Placement Heads
- Power Consumption: 9.6KW
- No. Of Heads: Double Side: 136pcs
- Feeding Way: Intelligent Electric Feeder With Double Motor
- Highlight: **Ultra High Speed smt placement machine, smt placement machine 50000CPH, smt placement machine 9.6KW**

Product Description

Breaking the world SMT industry record - 50000CPH ultra-high-speed placement machine

What do you know about the placement machine?

For the pick and place machine is mainly for picking the led components to place the printed circuit board, so that make the led light source board or power driver board. For the T9-2S pick and place machine is with 136heads, optimal speed can reach 500K cph, and it apply to 3014/3020/2838/3528/5050, resistors, etc.

Brief introduction about T9-2S mounter:

With adjustable placement heads: component picking position can be adjusted according to PCB pad pith, min 6.5mm.

With unique design component leaking detection and individual component refill function;

Ultra-high-speed capacity: the placement head adopt the method of two times picking and once placing.

T9-2S can make any length flexible strip light, can produce four kinds of materials at the same time.

T9-2S pick and place machine details

Dimension	3454*3035*1777
Weight	3100kg
pcb size	250(±10mm)*any length
Pcb clamping	Vacuum adsorption, cylinder clamping, track width adjustable
No.of heads	136 pcs
Optimal speed	500000cph
No.of camera	10 pcs
Mounting height	≤5mm

Why choose t9-2s pick and place machine

	ETON T9-2S mounter	ETON HT-T9 mounter
Stability	3100kg	1700kg
No. Of heads	136pcs	68pcs
Optimal speed	500000CPH	250000CPH
No. Of camera	10pcs	5pcs

Conclusion: Compared with T9, T9-2S has double production efficiency, stronger stability, and the price is not very large

Why choose us:

1. 50000m² industrial park, dedicated to research and development of production machines
2. 300+ employees, over 50+ R&D team members
3. Won 132 patent certificates and many honorary certificates
4. Provide SMT production line solutions and equipment

5. There are showrooms, offices and local engineers overseas

Package & Delivery:

※ Standard Wooden Case with Vacuum Package

Shipping Way:

※ By air, for sample and small package, international express like DHL, UPS, EMS...

※ By sea, for large package and quantity;

※ Other ways as customer requested.

Delivery Time:

※ Within 35 Days.

Mode of transport

Sea Transportation:

It has strong traffic capacity, large transportation volume, cheap and convenient.

Railway Transportation:

Convenient, accurate departure time, relatively stable operation, safe and reliable.

Air Transportation:

The fastest method of transportation, used of expedited parcels.

After services

✧ Maintenance period 1 year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

✧ Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

✧ Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

✧ Provide latest information about technology and equipment

We give professional technology suggestion with our clients. And share the updates news to our clients

FAQ

Q: What we can do for you?

A: One-stop SMT Solution Supplier; Reliable SMT Partner

Q: Are you a trade company or manufacturer?

A: Full SMT machines manufacturer for smt line in China; OEM & ODM service are available.

Q: What is your delivery date?

A: About 35 days after receipt of payment.

Q: What is your payment terms?

A: 30% deposit in advance and 70% balance before shipment.

Q: Why choose you?

A: Leading SMT Supplier in China; Professional SMT solution & equipment provider; With overseas offices and local engineers; Professional after-sales service team.

Q: What is this machine warranty ? And how about the after sales service?

A: We provide one year warranty, during warranty, any parts need to be repaired and replaced will be free. And we will support machine install and training online, also machine support remote control, machine will be very easy for operate.
