High Precision LED Light Manufacturing Machine Semi Automatic SMD Production Line

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: YT101S
- Minimum Order Quantity: 1 Unit/Units
- Price: FOB USD 46000~86000/sets
- Packaging Details: Vacuum packing in wooden case
- Delivery Time: 15-30days
- Payment Terms: L/C, T/T
- Supply Ability: 50 Unit/UNits per month

Product Specification

- Name: SMD Chip Mounter, SMT Pick And Place Machine, SMT Chip Mounter
- Dimension: 2154*1376*1762mm
- PCB Size: Max: 500*350mm Min: 50*50mm
- PCB Thickness: 0.5-4.5mm
- Applicable Components: LED Chip, capacitors, resistor, IC, shape Component
- Mounting Speed: 40000CPH
- No. of Head: 10 PCS
- No. of Feeders Station: 32 PCS
- Components Speed: 0.2mm
- Applicable Components: 0402, 0805, 0603, 1206, SOP
- Highlight: **High Precision LED light manufacturing Machine**
, CCC LED light manufacturing Machine,
Semi Automatic SMD Production Line

Product Description

LED light manufacturing of high precision semi automatic easy operate smd production line

Product Description

Dimension	2154*1376*1762mm
PCB size	max: 500*350mm min:50*50mm
PCB Thickness	0.5-4.5mm
Applicable Components	LED Chip,capacitors,resistor,IC,shape component
Mounting speed	40000CPH
Visual camera	2 pcs
Components Speed	0.2mm
No.of feeders station	32 PCS
No.of head	10 PCS
Operating environment	4 kw

Features:

High-speed Multi Modular Head

Adopt High-speed multi modular head. apply to ultra small chip 0201-40*40mm large Chip. wider component range

Brand New Flight Vision Camera

Improve recognition performance, size up to 40mm*40mm, apply to BGA or CSP etc

Vacuum Sensing Device

Each placement head with independent detection function, which improves the stability of the equipment and the reliability of the product.

Ultra-high-speed Capability

Adopt High-end magnetic linear motor.servo system and multi function modular head.the capacity increased by 25% compared with traditional machine.optimum placement speed reach 40000 CPH

The software has AI intelligent learning and automatic optimization functions

SMT Line

Why choose ETON

1. **10 years** of SMT manufacturing and LED market experience;
2. Industrial park: **5000 square meters**, workshop: **45000 square meters**;
3. **The assembly, powder spraying and sheet metal of the machine are all manufactured by ourselves**;
4. There is an independent **R&D team with nearly 50 people**;
5. The company **has more than 300 employees**;
6. With **overseas offices and local full-time engineers**, such as Egypt, India, etc.

FAQ

Q: How is the training?

A: After purchasing our products, you can send your engineers to study in our factory, or we can send our engineers to your factory to train your staff for you .

Q: Do you have a product certification certificate?

A: Our products have CCC, CE, SRIA certification.

Q: How about the after-sale service? How about the warranty?

A: We have a team of professional engineers to solve your problems. Any parts that require repair and replacement are free of charge during the warranty period. We can also provide you with training and on-site installation, and support remote control of the machine, the machine uses Chinese and English interface, very easy to operate.
