FAQ:

1. Why should you buy from us not from other suppliers?

We are high-tech professional manufacturer of SMT machine with more than 10 years with good quality and reputation. We have rich experience

in helping client to start new factory and new line. "Professional, high-effective, cost-saving" are our advantages.

2.Is your software interface in English?

English interface and Chinese interface are both available.

3.This is the first time I use this kind of machine, is it easy to operate?

Yes. There are English manual and guide video that show you how to use machine.

If there is any doubt in the process of operating the machine, please feel free contact us.

We also provide overseas on-site service.

4.Does the price include spare parts(nozzle and feeder)

Different client has different requirements on spare parts, it is not fair to clients to add In equivalent price for spare parts. So we don't add the spare parts cost on price. And price is only for machine .
