

LED Panel Light production line Mounter machine apply to different lighting design

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC
- Model Number: HT-E8S-1200

Product Specification

- Machine Name: Led Panel Smt Line
- Machine Capacity: 45000 CPH
- Support Whole Line Solution: Yes
- Service: Free
- Line Space: 15*5 M
- Machine Weight: 2000 KG

Product Description

LED Panel Light production line Mounter machine apply to different lighting design

Panel light classification

1. In terms of shape, general LED panel lights include round panel lights, square panel lights, rectangular panel lights, ring panel lights and special-shaped panel lights (such as leaves, diamonds...)
2. In terms of size, LED panel lights mainly include round 7 inches, 9 inches, and 12 inches.
The regular size of the square is 200*200CM, 300*300CM, 400*400CM, 500*500CM, 600*600CM.
The rectangle size is: 150*1200LM, 300*600CM, 300*1200CM, 600*1200CM.
3. From the power point of view, conventional LED panel lights are 9W, 10W, 12W, 18W, 24W, 36W, 42W, 50W, 72W, 80W
4. From the perspective of light entry, positive light-emitting panel lights and side-emitting panel lights

Panel Light smt machine line

Fellow is ETON smt line solution for panel light, it is theoretical speed could be reach 45000 CPH(chip per hour)
This line function is placement led chip and other smd components on the pcb, it's finished product is the pcba. The lighting board or the driver board for the led panel.

Semiautomatic Surface Mounting Machine:

Mounting Led chip/Resistor/IC/Shaped componets/Lens/Terminal/Transformer/Capacitor/etc On the PCB

Machine operate

This is point is what buyer most worry about for machine, but don't worry, our machine is very easy for operate, just like using the computer, intelligent and easy for learn. Usually several days for learning is enough. Besides, we also will sent engineer to your factory for machine install and training. So if you want to learn more about this machine, please contact us now.

FAQ

1. Do you have machine for led bulb?

A: Yes, we have many different module for produce led bulb, also above line is not only suitable for panel, it is also widely apply to many kind of led lighting and the electrical board, like the dob, display, downlight, street light, ceiling light, led tube, etc.

2. How could I have your contact?

A: Please contact Joy by Whatsapp/wechat number: 008613590151025. We will give our best service with you !
